LEASE-LEND BILL DEBATE CONTINUES IN SENATE

Senators Seek To Speed Vote On British Aid

Foes Of Lease-Lend Bill Claim Poll Shows Passage Of Bill Doubtful

SUPPORTERS SCOFF AT THESE CLAIMS

"Undercover Filibuster" Is Charge Made By Sen. Norris Of Nebraska

By WILLIAM S. NEAL
International News Service Staff Correspondent

WASHINGTON, March 4.—Senate foes of the lease-lend bill today claimed that a confidential poll reveals that its passage is doubtful, as administration supporters increased their demand for "gag" rule to halt debate and force a vote on the measure.

This marked the first time since debate began 14 days ago that foes of the bill have boasted even of possibility of a victory in the increasingly bitter battle.

The confidential poll of opponents of the aid-Britain measure showed 32 votes against it, 14 votes doubtful, with two previously pledged to the bill who may switch their votes. This would make a bare majority of 48.

Scoff At Claim

Administration leaders scoffed at the claim and struck at delays through Sen. Schwartz (D) Wyo., who charged in a planned speech that "We are now killing time while the Germans are killing English women and children and the aged and infirm."

PA NEW OBSERVES

Driver of a trailer-truck loaded with steel lost control of his vehicle when snow prevented him from making the West Washington street extension hill, just outside the city, this morning, and it backed over a 7-foot wall to the sidewalk.

Recently a west side contractor and an east side coal merchant rode to town in an automobile. The conversation turned to the weather. Said the former, "I wish this cold weather was finished, and spring was here, so I could get some work started," the latter said with a hearty laugh, "I do not." So, the weather was a matter of business.

Who said Spring was here? During the night the balmy spring-like weather faded, and this morning the ground was covered with snow, a small sized blizzard was raging, and the thermometer had dropped from 45 to 20. Later in the morning the sun made its appearance, and—such is March.

It's peculiar how the heaved pavements seem to pick out the same locality in the highways each spring to do a return performance. Of course there are new upheavals, but on some of the local highways the spot selected seems to be the same location as a year ago.

German Diplomatic Pressure Now Aimed At Drive On Turkey

(International News Service) ANKARA, March 4.—Germany today launched a major diplomatic drive to threaten or cajole Turkey out of their alliance with Great Britain.

But Turkey resistance to German pressure appeared to be growing as the Ankara radio warned the population that German occupation of Bulgaria has brought the nation closer to war.

Turkish warships still patrolled the Dardanelles. Entrances to this strategic waterway were mined and ships forbidden to enter without Turkish naval pilots.

Special Nazi Courier
Germany's campaign to immobilize Turkey took new shape with reports that a special German courier landed at Istanbul last night aboard a German Heinkel bomber and proceeded by train to Ankara.

Secretary Brown Resigns From Gov. James Cabinet

By EVERETT GERRY
International News Service Staff Correspondent

HARRISBURG, March 4.—Disagreement with Gov. Arthur H. James over the placing of state tourist advertising was blamed today for the resignation of Richard P. Brown, of Philadelphia, as Pennsylvania's first secretary of commerce.

Shortly after Brown's resignation from the \$10,000-a-year cabinet position was made public by Governor James, Democrats in the legislature demanded an official explanation of the row.

Brown, a popular figure on Capitol Hill, said he had decided to quit because "a fundamental difference of opinion has arisen regarding the policy which the department should pursue." His resignation marked the first voluntary retirement by a cabinet officer during the James administration.

"I feel, therefore," Brown said, "in the interest of harmony in the administration, that it is best for me to resign."

The Philadelphia, it was learned, declined to carry out Governor James' suggestion that the state's nearly \$200,000 yearly tourist advertising account be transferred from the Al Paul Letton agency, Philadelphia, to the Benjamin Eshelman Co., another Philadelphia advertising firm.

Escapes Serious Injury As Coal Truck Overtakes

Harry Haggerty, Of Beckford Street, Has Miraculous Escape Monday Afternoon

Harry Haggerty, of 1051 Beckford street, had a miraculous escape Monday afternoon about 3 o'clock when his coal truck plunked over the hill below Quest street, when the soft earth gave away, precipitating the truck loaded with coal over the hill, and pinning him underneath.

Examination at the Jameson Memorial hospital, where he was removed following the accident, revealed that no bones had been broken and his injuries were found to be not serious.

The truck had been driven too close to the edge of the bank, and the earth had been softened by the thaw over the week end. Without warning, the earth gave way. He was brought to the hospital by William Bartholomew and Constable Conner, who had assisted in digging him out. Only the soft earth saved him from serious injury, it is stated.

Three Persons Are Burned To Death In Fire At Baltimore

(International News Service) BALTIMORE, March 4.—Three persons, including a city councilman, were burned to death today when fire destroyed their home.

Councilman James B. Blake, 59, his wife, 55, and a brother William J. Blake, 47, were the victims. Another brother, Joseph F. Blake and his wife, managed to crawl out a second story window to a roof and down a ladder to safety. All were asleep when the fire started, and the rush of flames up a stairway cut off their escape, neighbors said.

CAPT. RICKENBACKER SOMEWHAT IMPROVED

(International News Service) ATLANTA, Ga., March 4.—Attending physicians early today announced that, barring unforeseen complications, Capt. Eddie Rickenbacker, noted World War ace injured in the crash of an Eastern Airlines plane several days ago, will recover.

Physicians said that Rickenbacker had a "very restful" night, and that his temperature, blood pressure and pulse were lower this morning than at any time previously.

Nazi Raiders Bomb Cardiff

Extensive Damage Is Caused In South Wales Seaport

FIRE BOMBS USED BY FIRST RAIDERS

By JAMES E. BROWN
International News Service Staff Correspondent

LONDON, March 4.—The South Wales seaport of Cardiff was heavily pounded by Nazi raiders during the night and early today in a blitz like attack that caused extensive damage and numerous casualties.

Several thousand incendiaries and many heavy high explosive bombs wrecked churches and garages and blasted workmen's houses. Late this morning rescuers were still digging bodies of women and babies from the debris.

The first wave of bombers dropped fire bombs that caused widespread fires. Later waves dropped heavy explosives that demolished many houses and shops.

Anti-aircraft batteries at Cardiff destroyed a German raider during the night.

Terrific anti-aircraft fire met the attackers and it was believed one raider was destroyed by a direct hit. A huge flash suddenly lighted the sky and sparks flew in all directions. A moment later a terrific explosion was heard.

Three Washington Business Men And Navy Commander Dies In Florida Accident

(International News Service) MIAMI, Fla., March 4.—Commander F. G. Erickson, 60, of the United States navy, and three Washington, D. C., business men were killed early today when their automobile crashed into a tree in Coral Gables.

The dead in addition to Commander Erickson were identified as Andrew A. Crawford, 55, (1723 Rhode Island Ave., N. W.); James Burch, 55, (3846 MacComb Ave.) and Gardner P. Orme, 50, an automobile dealer (1631 Mass Ave.).

Commander Erickson was also a resident of Washington, but has been living at his winter home in Coral Gables for some time.

Forces Massing Near Borders Of Greece-Turkey

Threat Of War Mounts In Balkans As Nazis Mass In Bulgaria

REINFORCEMENTS ON POTENTIAL 'FRONTS'

Turkish Radio Tells People War Is Brought Closer By Nazi Moves

By DESIDER GELEJI
International News Service Staff Correspondent

BELGRADE, March 4.—Threats of war mounted in the Balkans today as Greek and Turkish soldiers manned their Thracian frontiers, facing massed Nazi legions.

Reports to Belgrade said Germany had massed at least five army divisions—some 75,000 troops—in southwest Bulgaria regions adjoining the Greek border.

Other Nazi troops were reported concentrating in southeast Bulgaria near the Turkish frontier.

Guard Potential "Fronts"

Heavy Greek and Turkish reinforcements were rushed to the potential "fronts" to guard against the German threat.

How Turkey would react to renewed German pressure was a matter for keenest speculation. Although the Ankara radio informed the Turkish people that events had brought them closer to war, some Balkan quarters did not expect Turkey to aid Greece as an ally unless Turkey is attacked.

But it appeared crystal clear that Greece would stand by Britain as an ally and resist to the best of her ability, even if German forces pour across her frontier in a drive against Salonika.

Diplomatic Guns In Use
As German troops poured south through Bulgaria, the Reich turned heavy diplomatic guns on both Turkey and Yugoslavia—to pacify the former and "blitz" Yugoslavia into the Berlin-Rome-Tokyo alliance.

There was a report that Yugoslav Regent Prince Paul or Premier Dragisa Cvetkovic may go to Berchtesgaden within the next few days to (Continued On Page Six)

Forty-Two Men In Second Call

Total Quota For March For Selective Service Now Reaches 78 For Month

Forty-two men is the quota of Lawrence county in the second call for men under the selective service law, to be inducted into army service between March 21 and 31, according to announcement from Harrisburg today.

The apportionment is as follows: Lawrence County Board No. 1—eleven; Board No. 2—ten.

New Castle Board No. 1—ten; Board No. 2—eleven.

The earlier call for Lawrence county for March was for 36 men, so that so far the total from the county for the month is 78.

Local Board One Names Replacements

Two Will Leave Wednesday For Examination At Pittsburgh Induction Station

Two replacements, who will be sent to the Pittsburgh induction station Wednesday morning at 7 o'clock, to fill the February quota under the Selective Service call, replacing men who failed to pass the physical examination, have been chosen by Local Board No. 1, of the city, David S. Pyle of the board announced today.

They are Robert Clark Young, and William Henry Cuffie, the latter of whom is colored. Alternates to replace them in the event they fail in the examination are Pete Michael Nicopolis, and John Edward Young, the latter of whom is colored.

Soviet Protest Merely Verbal

London Not Convinced Protest Over Nazi Move Means Any Action

BELIEVE RUSSIA FAVORS NAZI MOVE

(International News Service) LONDON, March 4.—Informed British quarters poured disdain today on the formal Russian protest to Bulgaria against German military occupation of the little Balkan kingdom.

Editor's Note: Premier Mussolini at Rome telegraphed Bulgarian King Boris a message recalling "our talks in past years" and praising Bulgaria's "courageous, logical decision." Italian officials refused to comment on the Russian protest.

These circles did not even condemn the Russian protest with faint praise, but openly termed it "half-hearted, weak and more or less a face-saver." British officials observed a chilly silence.

The diplomatic correspondent of the authoritative British Press Association wrote:

Not Convinced
"Those in close touch with the Balkan situation have yet to be convinced that the Russian protest presages any action on the part of the USSR."

"They point out the fact that she (Russia) chooses to inform Bulgaria, and not Nazi Germany, of her dislike for German troops in Bulgaria." (Continued On Page Two)

Cold Wave Moves On From Midwest

Pittsburgh Weatherman Warns It Is Likely To Reach This Area

(International News Service) PITTSBURGH, March 4.—Pittsburgh district traffic moved at a snail's pace today as another layer of snow covered the streets in the wake of yesterday's warm spell and the weatherman warned that a zero wave was on its way from the midwest.

Buses and street cars were unable to maintain schedules, and traffic bogged for the business district stretched out in long lines of slowly-moving cars. Freezing rain made driving generally dangerous, and highway crews were called out for emergency clearing.

W. S. Brotzman, Pittsburgh district weather forecaster, said a light steady snow would continue throughout the day. He added that the coming cold wave would last for several days. The temperature in Pittsburgh dropped to 25 above this morning.

The Automobile club of Pittsburgh said light snow covered all highways in Ohio, Indiana, Michigan, Illinois, western New York and western Pennsylvania. In most places, however, the roads were in good condition, the club added.

Nazi Forces In Bulgaria Face Attack

London Report Indicates British Will Attack Germans In Bulgaria

BULGARIA IS NOW "ENEMY OCCUPIED"

Formal Break By Britain May Result In Immediate Attack

By EARL REEVES
International News Service Staff Correspondent

LONDON, March 4.—A virtual promise that Britain will attack German forces in Bulgaria as soon as Anglo-Bulgarian diplomatic relations are severed came from authoritative British quarters in London today.

"These circles stressed with utmost emphasis that there will be no need to declare war on Bulgaria, once diplomatic relations are broken, before British attacks are launched against the Nazi forces occupying King Boris' Balkan kingdom."

"Enemy-Occupied" Territory
They declared that Bulgaria then will be regarded as "enemy-occupied" territory and added:

"Britain certainly will attack where German troops are present." These same sources said that the British minister to Bulgaria, George Rendel, is still in Sofia, but that he is expected to leave within 24 hours.

When he does depart, it was stated the United States legation in Sofia will watch out for British interests.

A Reuters (British) news agency dispatch from Sofia said a formal break between Britain and Bulgaria may be announced by Rendel today.

Informed sources in London regard the present developments in the Balkans as dovetailing with the entire German war strategy, including Nazi efforts to cut off American aid to Britain and smash British naval might in the Mediterranean.

New Directory Will Be Issued

Work Of Compiling Information Started By Burch Directory Company

New Castle will soon have a new city directory, and it will probably show more changes have taken place since the last directory was put out in 1939, than any other two-year period in the city's history.

Agents of the Burch Directory company of Akron, O., came here yesterday to start the work of gathering the necessary information, and will be on the job until the work is completed.

In addition to showing the list of residents in alphabetical order, and by streets, telephones will be listed in their numerical order.

Arthur Mometer

Well the trip is almost concluded and we'll soon be back at our tasks, and that is something we're rearing to do, there's nothing more we would ask. It's fine to get out for vacation, it's dandy at times to roam, but the sweetest part of going away is the day that you start back home. Back home to the friends you believe in, to the friends who believe in you, back home where you know folks who pass on the street, where there's odds of things to do. It's fun to get out I'm agreeing, but after we're been away, your own home town is a mighty sweet sight, its twenty-two today.

Britain Is Near Formal Break With Bulgaria

Minister To Sofia May Announce Action Today, Is London Report

MAY HERALD QUICK ATTACK BY BRITISH

BULLETIN (International News Service)

LONDON, March 4.—Formal break in diplomatic relations between Great Britain and German-occupied Bulgaria may be announced by George Rendel, British minister to Sofia today, according to a Reuters (British) dispatch from the Bulgarian capital.

Rendel has been given permission to break off relations with Bulgaria whenever he sees fit without further reference to authorities in London. It is believed that formal announcement of a diplomatic rupture may herald quick British attacks on German armed forces in Bulgaria massed near the Greek frontier.

The British minister recently threatened "dire consequences" for Bulgaria if relations between London and Sofia were ruptured, and British authorities yesterday said that under the circumstances British would feel free to attack Nazi forces in Bulgaria without a formal declaration of war.

The London Daily Telegraph reported from Sofia that a British warning was sent to the Rumanian government at Bucharest, also threatening warfare against that country.

CIRCLE OF '91 MEETS AT DAVENPORT HOME

Mrs. E. J. Davenport entertained members of the Reading Circle of '91 in her Adams street home, Monday afternoon, with 16 members and one guest, Mrs. W. T. Burns, in attendance.

After the business routine was transacted, with Mrs. Ralph Reed presiding, an interesting paper on "Oregon and the Oregon Trail" was read by Mrs. T. C. Boston. A book review of "The Heritage Of The Desert" by Zane Grey, was given by Mrs. W. A. Thornton. Mrs. C. Parker told of "The Northwest and The Great Plains" after which Mrs. Ralph Reed gave a beautiful sketch of the life of "Martha Washington".

Mrs. William J. Marshall will receive the group in her home on East Washington street, March 17.

HIGHLAND SOCIETIES HAVE JOINT MEETING

Members of the Jean Hill Williamson Missionary Society, of the Highland U. P. church, entertained the Highland King's Daughters at a box social, Monday evening, with a large attendance present.

The King's Daughters presented the program for the evening, with Harriet Urmon as leader. The group sang psalms being accompanied at the piano by Eleanor Berry. Devotions were in charge of Dorothy Burton, and Betty Reed conducted the prayer cycle.

After Carol Henderson pleased the group with a piano solo "By the Sea", Miss Mary Riffer gave a most excellent talk on "Missions Are Not Optional But The Last Command of Jesus Christ".

Mrs. J. Glenn Berry, retiring president, introduced the new president of the Jean Hill Williamson Society, Mrs. E. E. Grotelend, who in her pleasant manner graciously responded.

Late in the evening the box lunch was enjoyed, with Mrs. Jay L. Reed, Thelma Howell, Beulah Ruthrauff, Mrs. Harold Sampson, and Mrs. Charles Wetmore serving as aides.

SIGMA DELTA CHI'S INITIATE MEMBERS

Initiation of two new members, Dorothy Sheaffer and Henrietta Leis, took place Monday evening when members of the Sigma Delta Chi group gathered in the home of their advisor, Mrs. Travis French, on East Wallace avenue.

Plans were made to sponsor a movie soon, after which the initiation was conducted and a social time was enjoyed. In serving a delicious lunch, the hostess was aided by Gerry Haddell and Nancie Underwood.

On March 17, Marian Vogan will receive the club members in her Highland avenue home.

MISS IRENE THURAU WEDS ROBERT SWANTON

Before a beautifully embanked altar of spring flowers, ferns, and palms in the Grace Lutheran church in Franklin, Saturday afternoon, Miss Irene Thureau, daughter of Mr. and Mrs. Otto Thureau of Liberty street, Franklin, became the bride of Robert Swanton, of Niagara Falls, son of Mr. and Mrs. R. J. Swanton of Norwood avenue, this city.

The marriage vows were exchanged at 4 o'clock before a large assemblage of friends and relatives, with Rev. Samuel Gross officiating with the impressive single ring ceremony.

Preceding the wedding ceremony Miss Margaret Hoffman, of New York City, played the bridal favorite, "Liebestraum" by Liszt, and "Love You Truly" by Carrie Jacobs Bond.

Miss Helen Remus, of Oil City, sang "Because" by D'Hardelot and "At Dawning" by Cadman.

As the strains of the bridal chorus from "Lohengrin" resounded through the church, the bride entered on the arm of her father, and was lovely in a poudre blue taffeta gown, styled on princess lines, with a bolero jacket lined in pink. Her flowered turban of blue lace had a shoulder length veil, and she wore dainty blue mitts. Her bridal bouquet was of sweetheart roses showered with freesia. Her only ornament was a gold locket, gift of the groom.

Miss Mary Held, as maid of honor, wore a pink taffeta frock, made similar to the bride's and a small ribbon hat. Her mits harmonized with her costume, and she carried a bouquet of sweetheart roses. As bridesmaid, Miss Thelma Graham was attired in rose taffeta, and she carried an arm bouquet of spring flowers.

Richard Swanton served his brother as best man, and ushers included Martin Thureau and Robert Thureau, brothers of the bride.

Immediately following the ceremony a reception was held in Inwood Garden, with 50 guests present. In the receiving line with the bride and groom were Mr. and Mrs. Otto Thureau and Mr. and Mrs. R. J. Swanton.

Late in the evening the couple left for Niagara Falls where they will reside, as the groom is affiliated with the National Chemical Carbide company there.

Out of town guests at the wedding were Mr. and Mrs. R. J. Swanton, Richard Swanton, Mr. and Mrs. Orville Dibley, of New Castle; Mr. and Mrs. Robert Phillips of Sharpsville; Margaret Hoffman of New York City; Robert Thureau of Philadelphia; Nita Mae Murrin of Grove City; Mr. and Mrs. Roy Snyder and daughter, Phyllis; Mrs. Emma Stahlman, Mrs. Austin VanKirk, Mr. and Mrs. Wilford Wilson, Helen Remus, Mr. and Mrs. W. H. Thureau and daughter Gertrude and Mr. and Mrs. William Baumbaugh of Oil City.

JANE MCCLINTOCK IS AGAIN HONORED

Another party in honor of Jane McClintock, who will become the bride of Ray Wallace of McKeesport on March 29, was given recently by Mrs. P. T. Wallace in her home at Highland Heights.

Hours were enjoyed in playing bridge and 500 with high score honors going to Marjorie Blum, Jean Hoese, Mrs. Donald Graham, and Mrs. LeMarge French.

Many lovely and useful gifts of a miscellaneous nature were presented the honoree for her new home.

Tasty refreshments were served at a late hour by the hostess.

Miss Speer is a great granddaughter of Mrs. John S. Martin of 319 Park avenue, this city, and is a granddaughter of Mr. and Mrs. Frank L. Kelly, of the same address.

The bride-elect is a graduate of Temple University, and has been a designer of costumes and interior decorations since graduation. Mr. Peterson graduated from Penn State, and is employed by the Aluminum Company of America in the promotional and sales department.

The wedding will occur during the spring.

JAMESON STUDENT NURSES MEET MONDAY

Members of the Jameson Memorial hospital students association met in the nurses home, Monday evening, with Miss Cecelia Turner presiding.

The matter of presenting a play in the near future was discussed, and the vehicle chosen for presentation was "Here She Comes".

Extra-curricular activities were discussed by Miss Margaret Devreux, faculty advisor, which will be established and maintained permanently.

After the meeting, the birthdays for the month of March were celebrated with a luncheon, served by Miss Jean Bleakney.

MRS. HARRY ZIMMERMAN RECEIVES BRIDGE CLUB

Members of the Monday Evening Bridge club gathered in the home of Mrs. Harry Zimmerman, on the New Castle-Ellwood road, Monday evening, with Mrs. James Beam sharing as a special guest.

Cards were the chief pastime of the evening, with the top score award going to Mrs. Clinton Glenn, and the gallop was captured by Mrs. Lee McNeish.

Late in the evening the hostess aided by her mother, Mrs. Mary Sidney, served a delicious repast.

On March 17, Mrs. Clinton Glenn will receive the group in her home on the Wilmington road.

DORCAS SOCIETY ELECTS OFFICERS

New officers were elected when members of the Dorcas Society, First U. P. church, assembled in the home of Miss Mary McBride, Boyles avenue, Monday evening.

An interesting program on China was presented with Helen Jenkins and Marguerite Smith taking part. Each person present told something about China in answer to roll call. At the close a delicious St. Patrick's Day luncheon was served by the hostess.

Those elected are: president, Mrs. Ford Gelger; vice president, Jane Wallace; secretary, Betty Shira; treasurer, Dorothy Beckwith.

Next meeting will be April 7.

L. M. S. Class Election

Election of new officers took place Monday evening when members of the L. M. S. class, Central Presbyterian church, gathered in the home of Mrs. Agnes Matthews, Walnut street.

Those elected are: president, Miss Elizabeth Wallace; vice president, Mrs. Margaretta Bratschie; secretary, Miss Martha Matthews; treasurer, Mrs. D. K. Van Poesan. A social time followed and lunch was served by the hostess, aided by Mrs. Bratschie.

On April 7, the group will have its anniversary dinner at the church.

DEVELOPMENT OF SELF-SUFFICIENCY

IN modern warfare, as everyone knows, the struggle is not merely between the armies of the contending powers. The entire nation is girded for the fight. Hence the importance which is now attached to the blockade. It was the belief of Great Britain when the present war started that Germany could be "starved out" as was the case in 1917, that the supply of food and munitions would run so low the morale of the nation would be undermined and Hitler would be compelled to submit. Hence the blockade of Germany.

On the other hand, the Nazis believed that by the use of commerce raiders, submarines and dive bombers they could blockade the British Isles so effectively and the food and munitions would run so low the British morale would be undermined to the point where Churchill would have to submit.

Up to this time, it must be admitted both calculations have been in error. Both nations seem to have sufficient supplies and morale to carry on the fight for some time yet. The blockades are, however, having an effect which doubtless will be carried on over to the days when the war is finished. Since the blockades were established, and especially since they were made to cover all of Europe, the various countries affected, belligerents and neutrals alike, have sought to make themselves as self-sufficient as possible. In short, they have endeavored to produce for themselves what they could not import from outside. They are changing their plans of agriculture and manufacture accordingly.

As a result of this, when the war is over these nations will not be in the market for as many imports as was the case before the war started. What they can raise at home they will not import from abroad.

This change of system is bound to affect our own exporters in the United States, especially those shipping food-stuffs, and we had better be thinking about it now.

Thus the blockade, by forcing people to produce what they cannot import, or get along without it, is fostering an extreme sort of nationalism which must give free traders like Mr. Hull the cold shivers when they take time to think about it. We remember what happened after the first World War. With blockades so much further extended in the present conflict, the results are going to be all the more noticeable.

WIRE-TAPPING LIMITS

Had the telephone existed in 1789, there is little doubt that the Fourth Amendment in the Bill of Rights, dealing with the rights of the people to be secure against unreasonable search and seizure, would have forbidden wire-tapping.

A bill introduced in the House by Rep. Sam Hobbs of Alabama would give to the head of every executive department the right to tap wires if he has reasonable ground for believing a felony has been or is about to be committed. And each department head would be the sole judge of the reasonableness of his own belief. No wonder President Roosevelt, in a letter to another representative, is led to remark: "I have read the bill and I have no hesitation in saying that it goes entirely too far and that its provisions are unnecessarily broad."

In general my own personal point of view is close to that of Justice Holmes in his famous dissent in the Olmstead case when he said:

"We have to choose, and for my part I think it is a less evil that some criminals should escape than that the government should play an ignominious part."

That dissent of Justice Holmes was in a 5 to 4 decision by the highest court back in 1928, and he was vehemently supported by Justice Brandeis. The majority opinion was delivered by Chief Justice Taft, who held that wire-tapping constituted no entry of premises within the purview of the Fourth Amendment. There was a storm of protest throughout the country, and in 1937 the court held that the Federal Communications Act forbids wire-tapping. Two years later the court banned the use in Federal courts of evidence obtained by wire-tapping.

As recently as last March an order was issued by Attorney General Jackson forbidding all wire-tapping on the part of G-men. But President Roosevelt now fears that the national emergency is such that investigators should be able to tap the wires of supposed traitors or fifth columnists, but only on specific order of the attorney general in each instance. He also feels that it might be permissible in kidnapping and extortion cases.

In this connection it must be remembered that the Federal ban on wire-tapping came about only after almost a decade of popular agitation subsequent to the Taft decision. It does greatly enhance civil liberties of which the whole people have a right to be jealous. Its lifting, if it has to be lifted, should be only in exceptional cases, such as kidnapping or those that seem to menace the safety of the Republic.

Some people confuse "democracy" with the "status quo" and think peace is the absence of fighting.

Speaking of ersatz products, there is that baloney, propaganda, which often passes as food for thought.

Chicagoan left his stenographer \$10,000. That's 200,000 packs of gum—a stick a day for over 2700 years.

Some men are good talkers and others are good listeners. The talkers may be more spectacular but the listeners are the boys who seem able to keep out of trouble.

The Parent Problem

By Garry C. Myers, Ph.D.

A MEAN STREAK

"Dear Dr. Myers: You have given such splendid help to me in some of your articles that I thought perhaps you could help me with my present problem.

"I have a boy four years old who is a normal, healthy boy in every way but one. There is a mean streak somewhere in his system.

"He will be playing nicely with a little friend or his little brother, aged two, when all of a sudden he will hit, pinch or hurt him in some way with the result that both parents and children will have nothing to do with him.

"I have talked to him in different ways. When I ask him why he does it the answer is, 'I like to.' I think he understands, for I have heard him explain to the baby what I have said. Then first thing I know he will hurt some one again. He went to nursery school all winter to little avail. The teacher and I both tried a number of things.

"I have tried spanking, overlooking, ignoring him after explaining why, excessive affection, chair sitting, putting to bed with nothing but bare mattress, depriving him of something he wanted, each in turn, but with no success.

"He also has thrown stones at two different women, neighbors who have interfered for his own good with what he was doing. I have asked these women to tell me at the time but they won't do that."

The Doctor's Solution

Your punishments were not consistent and long enough to be effective. Begin again, this time at the bottom. Don't ask that child again why he pinches or hits. Don't explain further. Say nothing.

During the next few weeks or so budget your time so when he is with any other children his age, you will be near him.

Best also to be with him when he is with his little brother. The moment this child hits, bites or in any way hurts another child, give him a severe spanking. Be sure to make it hurt. Keep your face as if sealed the while. Be just as sure that such pain will immediately follow each offense. No warning, no exceptions. Give the same punishment to train him not to throw stones at persons. There is no sense in asking the neighbors to tattle on him. They won't. Anyway, it is too late then to punish.

Show the child more affection, you and Dad. Take him on your lap now and then and fondle him. Read to him, make things with him, talk to him when he cares to talk, answering all his questions. Encourage him to scribble and draw and make things. Be liberal with praise when he is good. I am enclosing a list of books for reading. You should be able to find some of them in your public library. Send five cents to the U. S. Office of Education, Washington, D. C., and ask for my pamphlet entitled "Education of Young Children Through Celebrating Their Successes."

Solving Parent Problems
Q What of the effect on the child's morals for his parents to take him into a movie on a ticket for a child when they know he has passed the age limit for children's tickets.

A Very destructive. A parent so dramatizing a lie in the presence of a child, about this child's age, while entering a theater or public conveyance, can do more harm than years of religious education can correct. And some pious parents will lie in this manner while going with the child to Sunday school or church!

Q Is the tag-along a problem?
A He certainly is. See that the younger child minds his own business and does not snoop around and tag along when his older brother or sister has his friends with him. It is more serious when the older child is beginning to grow interested in the opposite sex. Help the younger child to cultivate playmates of his own age and not expect to be one of the gang of the older brother or sister.

What Noted People Say

(International News Service)
NEW YORK—Dr. L. M. Burdick, head, national director of the Friends of Democracy, scores subversive elements:

"It's time for all Americans to stand up and be counted on one side or the other."

GREENWICH, Conn.—Dr. Charles Seymour, president of Yale university, urges America to accept responsibility in the battle to maintain democracy:

"It is the lesson of history that if you want something of value you must be willing to pay for it."

ST. ETIENNE, France—Chief of State Marshal Henri Philippe Petain voices his views:

"The class struggle cannot be stopped without the removal of its causes."

NEW YORK—Rev. Dr. Harry Emerson Fosdick urges the nation to the Bible for guidance:

"The Bible is a laboratory manual about every conceivable experiment that man has ever tried with life with an account of how they came out."

A couple of shorthorns had been dragged into a game of draw poker. The game reached the point where the betting was fast and furious:

"I'll bet it all," said the first shorthorn.

"Call you," said shorthorn number two. "Watcha got?"

"Aces."

"How many?"

"One."

"You win. Darned if I didn't think you was bluffin'!"

There are too many colleges, a noted educator asserts. Sports specialists who try to pick All-American teams will agree heartily with this statement.

PICNIC THOUGHTS

A teacher in one of the local schools was trying to illustrate a point in arithmetic.

"If I take a potato and divide it into two parts, then into four parts, and each of the four parts into two parts what would I have?"

"Potato salad!" exclaimed Little Emily triumphantly.

Maybe we shouldn't bring it up at this time, but wasn't Mussolini going to get tough around Gibraltar or something?

A colored pastor was pleading with his flock to give up the practice of lifting watermelons. At this juncture a colored brethren rose up in his seat, snapped his fingers and then hastily sat down. After the services were over the pastor singled out this brethren and asked why he did those funny motions in the midst of his talk.

"Why do ya' kno' brudder Black, when you mentioned watermelons yo' done make me remembah wheah Ah left mah knife."

We'll know that national unity has finally become an established fact when we hear a Californian praise Florida's weather, or vice versa.

"Mother, shall I run out and post this letter?"

"No, child, certainly not," was the reply. "It's pouring in torrents and not fit to turn a dog out of doors. Let your father go."

Said Daniel to the lions: "If you eat me I shall boast, I'm not compelled to listen. To the after-dinner toast."

Many a New Castle woman, who has tried to get the kiddies awake to go to school, will agree with the suggestion of an educator that they should be called the slowly rising generation.

Being a model husband is like being an old maid. There isn't much suffering after you quit struggling.

HUMAN DRUMS

Little Betty and Junior, children of a local couple who are faithful in their religious duties, has attended a talk by a returned missionary.

"What did he tell you about the heathen?" their grandmother asked on their return.

"Oh!" replied Junior. "He said that they were often very hungry and when they beat on their tum-tums, it could be heard for miles."

Smith: What is a woman's idea of hades?

Jones: "One thousand new hats and not a mirror in the house."

March 12th Babies

As has been his custom for many years, the Hints and Dints Man will give five dollars to every baby born in Lawrence county on his birthday, March 12th, this year. Proof of birth must be in the News office before April 1st in the form of doctor's certificate or other substantial proof. Twins will get \$15. Triplets \$20 and we will give plenty to quints born on that day. We hope there will be lots of babies to claim the five dollars. This means only in Lawrence county and not all over the world.

"I have just been married and am about to make my first attempt at entertaining. Thus far, I have noted that in this community, which is strange to me, the people at parties seem to be stiff and slow in getting well acquainted. How should I proceed to help them know each other better?"—Reba.

Answer: It is your social duty to share your conversation with all those seated near you—whether at a dinner, tea or reception. Never be responsible for leaving someone "out in the cold." If a guest seems to be deserted and quiet, try bringing him into the conversation—by occasionally turning to him and saying, "Don't you think so, Mr. Smith?"

During a dance, the hostess should continually ask the men who are not dancing to dance with the women being left in the wall-flower line. A very thoughtful hostess when asked to dance will often suggest: "I am too busy just now and I do want you to take this dance with Mary over there."

In a social set, such as you describe, women are neglected not so much because they are unattractive as because the men are socially lazy. See to it that your husband takes them in hand, one by one, and asks them to dance with the neglected women and girls whether they are glamorous or not.

Question: I have just received a written invitation to dinner at the home of a woman whom I do not know very well. Would you please give me an idea as to how I should reply?—Zita.

Answer: Here is a form of acceptance: "I shall be delighted to dine with you on Wednesday, the seventh, at 8 o'clock. Thank you so much for thinking of me." Reply: "I am very sorry that I am unable to accept your dinner invitation for the seventh, as I had already made another engagement. Please ask me soon again for it grieves me to have to decline this time."

Question: At what age and during what season of the year should a girl make her debut?—Grace.

Answer: A girl usually waits until she is 18 before "coming out." The beginning of the social season is a popular time for debuts. The mother of a college girl usually chooses one of her vacation periods—Thanksgiving or Christmas—to present her.

Tomorrow—Making Friends.

APPROPRIATE

The housewife was looking over the dishes in the kitchen cabinet. "Need some more, dear?" asked hubby.

"No, I was just thinking of the ones I would use when those friends of yours come for dinner," she said. "I think I'll use this set. They ought to suit them exactly."

But they're all cracked," objected hubby.

"Exactly," smiled the wife.

Litvinov Seeks Refuge In United States
Is Reported On Outs With Dictator Stalin
Could Give Dies Committee Real Information

By CHARLES P. STEWART
Central Press Columnist

WASHINGTON, March 4.—Unless he is purged from the land of the living, as well as out of his government job in Moscow, it is understood in Washington that Maxim Litvinov, until very lately one of the big men at Communist headquarters, plans to seek refuge in this country from the unpleasant possibilities inseparable from continued residence in Russia by persons who have incurred Comrade Stalin's displeasure.

Presumably Maxim already has hinted, to some official authority here, at his desire to come to the United States, with a view to ascertaining whether or not he'll be admitted. And most likely a leak in the news of his supposed overtures is responsible for reports that that's what his wish is.

He was in Washington for a few months, three or four years ago, as an important commissar in the Moscow setup. That, however, was only a comparatively short stay. The visit also was more or less diplomatic in its nature, connected with Russo-American trade relationships. Letting him see here permanently might be a different matter.

Still, the fact that he's fallen out with Joe Stalin is regarded as quite a favorable recommendation. If the row between them was mean enough and Maxim has turned anti-Communist, he doubtless could spill plenty of valuable information to such an outfit as the Dies committee, concerning Soviet agents' activities in the U. S. A. and elsewhere throughout the Americas. Samuel Krivitsky, formerly of the OGPU, who recently committed suicide (or maybe was murdered by OGPU gunmen) in his Washington hotel, did. And Maxim might know a deal more than Krivitsky did; he was a lot higher up in the Moscow organization.

Going Democratic
Washington has no clear idea yet what Max was kicked out for.

One version is that he was developing streaks of democracy. If that's true, it's easy to see how he got Joe Stalin's dander up.

Another account is that Joe assigned tasks to him, relative to foreign affairs, that he simply couldn't execute, and that Joe canned him on grounds of incompetency. Even that, though, would be calculated to make him sore at his boss and perhaps incite him to tell things to the Dies committee.

Of course, even if we agree to let him in, it's no cinch that Joe Stalin

will let anything but his remains leave Russia.

It must be a good deal of a bother to Joe to have to send OGPU ex-ecutioners clear from Moscow to bump off Russians he wants to have liquidated, as they're believed to have attended to Leon Trotsky in Mexico City and as they're suspected of having done to Sam Krivitsky in Washington (though the local police said that Krivitsky's case was a suicide).

It likewise causes resentment in places like Mexico City and Washington to have Moscow's death sentences executed in their midst, it has a tendency to create international friction, which it would be natural for Joe to prefer to avoid if possible.

So if Max does get an admission ticket to the United States it's no certainty that Joe'll let him out of Russia to come across and present it. And naturally, it will be none of our business if anything happens to him in Russia.

Not a Good Risk
Neither will he rate as a very good life insurance risk even if he gets here.

When he was in Washington the last time, the National Press club invited him to make a speech to its members. He made it, too. That's, he read it. It wasn't particularly thrilling, however, for Max doesn't speak a bit of United States. It was in Russian, and had to be interpreted. It takes the finger out of a speech to have it filtered out to its auditors through an interpreter. Max appears to be a forceful chap. He read that speech with plenty of energy, but the interpreter couldn't translate energy.

Litvinov is a very short, stocky chap. He evidently is deeply in earnest in what he's saying. What's the use, though, if you can't understand the word of it?

That'll hamper him as a Dies witness.

Bible Thought For Today

Ye shall walk in all the ways which I command you, that ye may live, and that it may be well with you, and that ye may prolong your days in the land which ye shall possess.

Deut. 5:33.

The World and the Mud Puddles

BOYS OF TODAY

Striking an encouraging note in the world unrest today has been the extended work of the Boy Scouts of America, the world's largest youth organization. The men and boys registered in this federally-chartered group have pledged themselves to follow the program of strengthening and invigorating democracy in the United States. A nine-point program, stressing self reliance and ability to react in times of emergency has been undertaken by more than a million and a half members of the Boy Scout movement.

These twelve to sixteen-year-old boys, under the leadership of volunteer adult workers, are learning by doing. Faced with practical situations demanding instantaneous and intelligent reactions these boys are receiving valuable training for emergency crises. In this preparation to act the Boy Scouts have pledged themselves to be "united with all lovers of freedom, whatever their tongue or origin. To keep our nation strong in valor and confident in freedom so that the government of the people, for the people, for the people, shall not perish from the earth."

To this end the 47,000 scout units throughout the country have made a roll call of their entire membership to isolate weak spots in local organizations. Troops have taken stock of themselves in order that they might organize emergency service corps in local communities, prepared to act when danger of any kind threatens.

These efforts hearten sincere and worried Americans who view the future with fear for this country's inherent rights and values. They are in keeping with the long service record of the Boy Scouts of America.

Floods, storms and fires have seen these khaki-clad youths in immediate action. New England and Florida still recovering from the hurricanes and floods of 1938 remember the Boy Scout work with appreciation. Older folks can remember them at work in war times. During World War, over 440,000,000 worth of Liberty Loan subscriptions were sold by Boy Scouts. Forty-three million dollars of War Savings Stamps were distributed by these youngsters. Scouts under direction of national leaders located over 5,200 carloads of standing waist trees for defense authorities. Herbert Hoover, food administrator for the United States, complimented scouts upon their efficient cultivation of war gardens and farms. These teen-age boys, directly aiding the government, delivered over 30,000,000 pieces of literature.

The American way of life is in the spotlight today. While the youth of the United States is being trained in a near military fashion,

COMMITTEES NAMED FOR C. D. OF A. DANCE

What promises to be one of the leading social activities of the spring season is the "Blossom Time Ball," planned by the local Catholic Daughters of America, Court Teresa Irene No. 231, to be held in the New Castle Field club on April 19.

Miss Ann Lucille Barnes has been appointed general chairman, and as her aides she has Mildred Donegan, chairman of the ticket committee; Marian Louise Duff, Mary Alice Carey and Rose Green; program committee—Angeline Colella, chairman; Catherine Coyne, Veronica Palucci; invitation—Mary Elizabeth Joyce, chairman; and Clare Gilboy; decorations—Josephine Kirk, chairman; and Mrs. Martha Maher; orchestra—Ruth Clark, chairman and Betty O'Donnell.

The event is the first dance of the year to be held by the court and the affair is an invitational one and will be semi-formal.

Humbert Auxiliary

Members of the King Humbert Auxiliary held their meeting Sunday afternoon at 2 o'clock in the King Humbert hall, with Mrs. Rose Costa in charge.

Plans were made for a sausage fry to be held on March 15 for members and friends in the club rooms. Mrs. Rose Costa, president, received a lovely gift in behalf of all the members of the lodge. The presentation was made by Mrs. Lena Cialella and Mrs. Adeline Volpe.

On April 16, the next meeting will be held.

Bamboo 500 Club

The Bamboo 500 club will be postponed from Wednesday, March 5, until March 19, due to the death of Mrs. Ella Wynner.

On March 19, Mrs. A. Steel will receive the club in her home on Jefferson street.

B. P. W. PARTY ON MONDAY EVENING

Regular meeting of the Business and Professional Women's club was held Monday evening in the Green Room, of the Y. W. C. A., and the losing team in the recent attendance contest entertained the winning team at a delightful party.

After a delicious dinner was served at 5:45 o'clock, Miss Genevieve Riddle presided over the short business meeting. It was announced that the international relations study group will meet in the home of Pearl Hockenberry on March 12.

Mrs. Mabel Bollard informed the group that they would meet Tuesday evening at 7:30 in the Red Cross Chapter House to make spring dresses.

One of the best parties in the club's history was then introduced by Mary Scherger, who in costumes gave a rhymed invitation to the members to follow Charlotte Emery, who as usher, led the way to the gymnasium where the entertainment took place.

Miss Scherger proceeded with the rhymes introducing in succession episodes covering the year from March to December. From St. Patrick, arriving the snakes out of Ireland into the shrieking audience, through April's style show; May's Maypole dance; June's wedding party; July's patriotic pantomime; August's vacation excursion; September's Quixotic; October's Executive board meeting of a woman's club; November's cheering for the attendance contest to December's Christmas party, the program of fun was fast and furious. Gifts were provided for each member of the winning team by rifling her personal possessions and elaborately gift-wrapping her old gloves, scarf or what-had-she.

The favors were small books of Mother Goose characters by means of which the guests were seated for delicious refreshments. The table decorations, sets of Mother Goose and Fairy tale characters, were arranged by Bess Gailey and Olivia Griffiths.

To Miss Mary Bigley, captain of the losing team and chairman of the party arrangements, was given a rising vote of thanks for a splendid party.

Class Has Meeting

Members of Young Married People's class of the Epworth church held a tureen dinner at the church Monday evening.

The meal was served at 6:30 o'clock, and the hosts were Mr. and Mrs. Donald Potter and Mr. and Mrs. Howard Reynolds.

A tureen session was held and a playlet was presented later by the Alice Rentz Circle of the W. S. of C. S., under the direction of Leona Sankey. The Hogue girls sang duet selections.

HOW TO GET A LOAN TO PAY YOUR DOCTOR BILL

You can get \$100 to pay old debts or other expenses if you can repay \$6.97 a month for 18 months—No endorsers or guarantors needed—A simple, private way to borrow.

HAVE unusual expenses caught you short of ready cash? Do you need money to pay old bills? If you have a steady job, you can readily borrow \$20 to \$300—and repay in small monthly installments.

Suppose that you need \$100. Find this amount in the first column of the table. Then read across picking out the monthly payment you wish to make. 12 monthly installments of \$9.75 each, for instance, will repay a \$100 loan in full. The cost, in this case, averages less than 5c a day.

You may prefer smaller payments. Only \$6.97 a month for 18 months will also repay a \$100 loan. The amount you borrow and the time you take to repay it determines the cost. You can borrow \$25 for two months, for instance, for only 94c.

Borrow for less
Installments in the table include all charges at Household's rate of 2 1/2%.

per month on that part of a balance not exceeding \$100, and 2% per month on that part of a balance in excess of \$100. The Small Loan Law of this state permits us to charge a rate substantially higher than this. Our customers share in the economies made possible by large volume and efficient operation.

Simple to get a loan
All you do to apply for your loan is to acquaint us with your problem. Loans are made on furniture, car or note. This spares you the embarrassment of asking friends or fellow-workers to act as endorsers. At no time do we ask friends or relatives about your credit. If you should get sick or lose your job while paying on your loan, we will show you every consideration.

You are invited to phone or visit us for further information at any time. No obligation to borrow!

Work Is Halted At Propellor Plant At Neville Island

C. I. O. Pickets Demand That
All Non-Union Employees
Be Discharged

(International News Service)
PITTSBURGH, March 4.—National defense work came to a complete halt today at the propellor division of the Curtiss-Wright Corporation on Neville Island as CIO pickets made demands that all non-union employees be discharged.

No disorders marked the picketing, which company officials declared was in direct violation of their contract with the SWOC, Local 2170. A company statement declared work would not be resumed at the plant until the union halts its activities.

Joseph Conley, union president, explained there were 16 non-union workers in the plant, adding:

"We want a union ship. So we had to go out on strike to get it." The company held it could not "discriminate" by discharging the non-union men.

A company statement said in part:

"The action of the SWOC in halting production of the manufacture of aircraft propellers now sorely needed by the U. S. army and navy is expected to seriously interfere with prepared schedules and slow up and hamper production for the armed forces of America."

About 950 men are involved by the shut down, company officials estimated.

The Reverend Paul L. C. Schwartz of St. Clement's, Greenville, who comes to New Castle for the first time as a Lenten preacher, will deliver the special message in Trinity church tomorrow evening at 8 o'clock. Among the younger men in the ministry of the Episcopal church in the Diocese of Erie, he is one of the most gifted. Recognition of this has come to him through his being editor of the Diocesan paper, "The Erie Churchman," a member of the Department of Christian Social Relations. Before entering the church, he was the social worker and one of the psychiatrists at the Warren State hospital for the mentally diseased; then he was associated after his ordination, with the Rev. F. B. Atkinson at St. John's church, Sharon.

The service will be the Penitential Office and sermons, with hymns, offering, closing prayers and benediction, the senior choir singing, with Miss Isabel T. Johnson at the organ. The Rev. Philip C. Pearson will conduct the service.

Official Board Meets
Official board members of the Italian Methodist church met Monday evening at 8 o'clock in the study with Rev. P. P. Sulmonetti in charge. Activities of the church were reviewed, including the successful two weeks revival which has just closed. Several new members were received into the church as a result of the revival. The pastor also informed the board that the congregation responded generously to the appeal last Sunday for the war emergency relief. He has sent word to Bishop Straughn of the Pittsburgh area and to Dr. W. E. Barlett of Grove City district, that the quota for this church was raised in full and has been sent already to the treasurer of world service in Chicago. Twenty-five dollars is also being sent to the treasurer of the oldest Protestant church in the world, the Waldensian in Rome, Italy.

Plans for a new heating system were also discussed. For this, \$800 is needed, \$100 of which has already been donated by friends.

FORCES MASSING NEAR BORDERS OF GREECE-TURKEY

(Continued From Page One)
confer with Chancellor Hitler and German Foreign Minister Joachim Von Ribbentrop.

Yesterday the Balkans were electrified by reports that Prince Paul had received Von Ribbentrop at the former's country home near the Austrian frontier. These reports later were denied by the Yugoslav press ministry although they still persisted.

But it became increasingly apparent that Yugoslavia was next on the Axis list for incorporation into the growing alliance.

(The London Daily Express said Viktor Von Heeren, German ambassador to Yugoslavia has started a drive to create a "Sudetenland" in Yugoslavia's Croatian area, where he was alleged to have talked with Croat leaders of the independence movement.)

Other reports persisted that Germany may propose that Yugoslavia offer her services as mediator in an attempt to end the Italo-Greek conflict and impose an Axis-dictated peace on Greece.

Belgrade, March 4.—Greece diverted part of her hard-fighting forces to the Thracian frontier today in anticipation of an imminent German drive against Salonika.

At the same time, Turkey concentrated great contingents of crack troops on her side of the Thracian border and transformed the territory on each side of the Dardanelles and the Bosphorus into an armed camp.

All Turkish naval reservists were called up to active duty.

SODALITY TO MEET
Members of the Young Ladies' Sodality of St. Joseph's church will meet this evening in the club rooms, at which time they will start a crocheting project, the articles to be given to the New Castle hospital.

States 40,522 Miles Of Highway Maintained By Half Of Motor Fund

(International News Service)
HARRISBURG, March 4.—Pennsylvania's vast system of highways—40,522 miles—requires less than 50 cents on each dollar received in the motor fund to administer, maintain and operate, according to the state department of highways.

The balance of the money, department records show, is used for the construction, resurfacing and reconstruction of roads considered antiquated and a menace to traffic.

The department is responsible for maintaining all mileage in the system plus approximately 18,000 bridges. Of the 40,522 miles of road 666.85 miles are located in cities and 2,090 in boroughs.

The big increase in mileage came during the 1931 session of the general assembly when more than 20,000 miles of township roads were taken over by the department. Previous to that time, only 13,499 miles were included in the jurisdiction of the state department of highways.

Plans for the present fiscal year call for the expenditure of \$75,300,000 for capital improvements to the system of which only \$43,700,000 is available.

Additions of mileage to the road system through legislative enactment plus the responsibility of maintaining thousands of bridges has placed added burdens on the funds of the department.

Large sums were expended for the improvement of thousands of miles of rural roads to bring better means of communication to the sparsely settled areas of the state.

Local Physician Called To Active Service In Army

Dr. J. E. Ginsberg, 212 East North street, has received word from army headquarters, Third Corps Area, at Baltimore, Md., that he has been called to active service in the medical corps of the U. S. Army.

Dr. Ginsberg, a first lieutenant in the Army Medical Reserve, will leave on Saturday, March 15, for Ft. Eustis, Va., where he will assume new duties in the army service.

AROUND CITY HALL

Solicitor Robert M. White reported in city hall that the city had purchased for unpaid city taxes, for which liens had been filed several hillsides in State street. White stated the city had offered the reputed owners the costs of such a sale but they had been refused, hence the city bought in the lots.

Petition was received by city council asking that a street light be installed at North Beaver street and Winter avenue. The petition was referred to Safety Director David O. Davies.

Hearings in auto accidents in this district were conducted Monday by the safety division of the state highway department. The hearings were conducted in city hall.

City council in action in the municipal building indicated it would not refund any portion of monies paid years ago for the paving of Grant street to Mrs. Alice Morgan, Grant street and Bell avenue. The city records show that the same request, made in 1925, was refused.

City Controller S. L. Lockley reported he had completed an audit of city departments for 1940 which shows receipts as follows: General revenue, \$633,123.54; sinking fund, \$181,682.38; library fund, \$28,038.61; improvement fund, \$19,703.19 or a total of \$862,547.72.

The schedule of receipts collected by the city during 1940, according to Controller S. L. Lockley, follows: Police, \$831,509; weights and measures, \$251.00; engineering department, \$4,029.15; health bureau, \$53.50; plumbing department, \$628.57; delinquent tax collections, \$6,734.08; solicitor delinquent taxes, \$6,734.08; property sales and improvements, \$133,523.42; Cascade Park, \$5,738.76; Sylvan Heights golf course, \$3,913.80; city treasurer, \$556,686.29 (which includes 1939 and 1940 taxes, other taxes, improvements and other receipts). The report also shows transfers listed as disbursements, as improvement fund borrowed money, \$35,000 which with a balance on hand January 1, 1940, showed 1940 total receipts as \$862,547.72.

Sidney L. Lockley, city controller, has issued a statement concerning the tax duplicate of the city for 1940 taxes to January 6, 1941, as follows: Original amount of duplicate: General revenue, \$421,538.40; sinking fund, \$99,169.28 and library fund, \$24,861.94, or a total of \$545,569.62, less discounts allowed and penalties added, \$1,069.95. The total amount charged to the treasurer January 6, 1940, was \$544,499.67 of which was collected \$461,475.28, leaving \$83,024.39 uncollected January 6, 1941.

The total receipts in the police pension fund as of January 1, 1940, was \$11,662.17 and less disbursements for 1940, leaves \$8,151.92, in the fund as of the beginning of the 1941 fiscal year, as follows: cash on hand, \$2,140.50; three U. S. government bonds, \$2,250; and cash in a local banking institution, \$2,761.42. During 1940 the disbursements amounted to \$3,510.25 which leaves this year, \$8,151.92. Incidentally, it might be stated there were 67 payments at \$46.50 to the police pensioners last year.

EDENBURG

Mrs. Marie Biddle visited Mrs. Marie Cooper at the Jameson hospital, Saturday afternoon.

Mrs. Merlin Felter was a visitor at the home of Mr. and Mrs. Edward Schiller of Piquette, Ohio.

The condition of Mrs. Marie Cooper who is receiving treatment in the Jameson hospital remains the same.

Alfred Easton of Pittsburgh, Pa. was a caller at the home of Mr. and Mrs. Ray Biddle and Mr. and Mrs. Herman Schok.

Mr. and Mrs. Howard Stacey of New Middletown were Saturday evening callers at the home of Mr. and Mrs. Ferd Book.

The regular monthly meeting of the Edenburg Women's club will be held in the Township Building, Thursday evening at 8 o'clock.

The Home Hygiene class taught by Mrs. French will meet at the home of Mrs. George Nichols, Thursday afternoon at 2 o'clock.

Mr. and Mrs. Carl Haug and Miss Wilma Flannery of New Castle, were Sunday guests at the home of Mr. and Mrs. Ray McKay of Crawford avenue.

Mr. and Mrs. Howard Darby and son, James, and Arthur Johnston and Mr. Homer Johnston of Meadville, Pa., were Sunday callers at the home of Mr. and Mrs. Ralph Cooper of Erie street.

The Home guards of the Methodist church met in the church Monday afternoon with their leader, Dorothy Bonnett in charge. Twenty young girls were present and Miss Bonnett had prepared literature for their next meeting and each girl will take active part for the program. Rebecca Loudon was in charge of the devotional period.

REFINISH METAL FURNITURE
Before starting to refinish metal furniture all rust or scale spots should be removed by rubbing carefully with a coarse emery cloth or brushing gently with a wire brush.

Life Insurance in action!

BY ITS VERY NATURE, Life Insurance is an active, continuing force—a living force in the homes of millions who share its benefits.

Last year Metropolitan visited many homes in times of family crisis, for a total of over \$182,000,000 was paid on account of death claims to scores of thousands of beneficiaries of Metropolitan policyholders. Dividends, matured endowments, annuity payments, disability, and health and accident claims, and other benefits paid or credited to living policyholders during the year amounted to more than \$426,000,000. The total of almost \$609,000,000 for payments to policyholders and beneficiaries is a record high for the Company.

Metropolitan funds, invested for the benefit of its policyholders, continued to play a part in the economic structure of the nation. These funds aided in financing Government activities, helped to keep industry humming and men in jobs, to erect public and private buildings, and assisted farmers to own their farms and to keep them in proper repair. However, the low interest rates generally prevailing, continued to have their effect on the Company's earnings and consequently on dividends to policyholders.

Moreover, through its Welfare activities, its nursing service for eligible policyholders, its research, its health and safety literature and advertising, Metropolitan again contributed to the task of bringing better health to America. The death rate of Metropolitan policyholders as a whole continued to be low, and mortality among Industrial policyholders was approximately the same as the 1939 figure, a record low for this group.

Metropolitan is a mutual life insurance company. This means that the assets of the Company are held for policyholders and their beneficiaries. The value of these assets will ultimately be paid out for their benefit... and for them only.

Pernicious anemia formerly was always fatal.

Up to 15 years ago there was no known cure for it.

This disease rarely occurs before the age of thirty.

It is due to a deficiency of body material obtained from food.

The approach of pernicious anemia is slow and insidious.

The victim is often not aware of it at first.

An early symptom is persistent languor or weakness.

Digestive disturbance appears in about one-third of cases.

Numbness and tingling of hands and feet are nervous symptoms.

Blood tests when these symptoms persist are important.

Two American doctors discovered a cure for pernicious anemia.

It is animal liver—now available in concentrated extract form.

ACUTE RHEUMATIC FEVER TREATMENT BELIEVED FOUND

There are reports of successful treatment of rheumatic fever in children with that now famous drug, sulfanilamide, and I hope the treatment becomes established for rheumatic fever in children is one infection that has always given me a great deal of concern. It is common in my native northern part of the continent where colds are prevalent. Rheumatic fever is a streptococcal infection that strikes children and teen-aged boys and girls when they are run down as the result of some illness. I have seen it follow measles, smallpox, mumps, scarlet fever—almost any infection, but the majority of cases I've treated followed colds.

Some of my older readers will recall how children used to suffer from "growing pains," as we called them. Those "growing pains" generally were symptoms of rheumatic fever. From 10 to 15 per cent of those who suffer from it, dies from the infection. A large percentage of

School Principal Discusses
Week-Day Religious Education Monday Morning

Prof. Jay G. Rudolph, supervising principal of Union township schools was the chief speaker at the meeting of the New Castle Ministerial Association, Monday morning in the First Presbyterian church, corner of North Jefferson and Erie streets.

Prof. Rudolph, introduced by Dr. S. E. Irvine, spoke in an interesting manner on the subject, "The Public School and the Church," a discussion of week-day religious education. On motion of Dr. J. J. McIlvaine, a vote of thanks was extended to the speaker and the matter of week-day religious education was referred to the committee for survey.

Dr. Grant E. Fisher opened yesterday's meeting with devotions, after which Rev. P. C. Pearson reported for the library committee that new books for the religious section have been ordered and that some have already arrived. Rev. C. J. Burton announced that there will be a three-hour Good Friday service in the Primitive Methodist church for South Side churches, conducted by South Side clergy.

Rev. B. Withers gave the radio committee report, as follows: March 9, Rev. J. A. Cousins; March 16, Rev. E. W. Lehto; March 23, Rev. Homer K. Miller.

Rev. Norman H. Spear announced the showing of Bible story pictures at the Reformed Presbyterian church on Friday evening of this week with the request that the ministers view the pictures. Rev. Joshua Miller, a retired Lutheran minister, gave the benediction.

On Monday morning, March 17, a round table discussion will be led by Rev. J. Calvin Rose and Attorney Leroy K. Donaldson.

DANCERS HELP CITY COFFERS

Those who like the art of tango helped New Castle last year, the city bank collected exactly \$1,181 from that source. Dance licenses cost \$15 each year, and dance permits cost \$1 per dance. Of the \$1,181, the annual dance licenses cost \$315 and there were 866 dances at \$1 each.

Under the provisions of the Soldiers and Sailors Civil Relief Act of 1940, no man who is in the United States Army, Navy, or Marine Corps, can have his property seized for debt, or a mortgage foreclosed while he is in the service. This has resulted in a number of new papers being filed in the office of Prothonotary John A. Edgar, by attorneys for the Home Owners Loan Corporation in proceedings to foreclose. Four such affidavits were filed on Monday by attorneys for the H. O. L. C. in the actions brought by the H. O. L. All bills of New Castle's President's Birthday Ball in January have been paid—and a new wheel chair is in the possession of a deserving invalid, and \$580.38 remains in a local bank account, the partial report of Assemblyman Presley N. Jones, dance general chairman, showed today.

Jones said three county sub-chairmen have yet to file their reports, but he said a complete dance financial report will be issued soon after March 15. He set that as the deadline for all outstanding reports.

Philadelphia May Get Air Raid Test

(International News Service)

PHILADELPHIA, March 4.—Fifteen thousand Philadelphians registered in the American Legion's home defense service may get their first workout this month when army air corps planes "raid" Pennsylvania.

William L. Stauffer, county commander of the Legion, announced a "blackout" of Philadelphia may be sought to test air raid discipline. Legionnaires, he said, would be asked to patrol streets to prevent disorders and to inspect "light leaks."

"We expect to have an invasion," said Stauffer, "nor do we expect the Germans to fly over and bomb our city, but we're not going to be caught napping if anything happens."

Taking Survey Of Nurses In State

During the past few weeks, approximately 55,000 registered nurses in Pennsylvania have received questionnaires from Mrs. Katharine Miller, R. N., special agent for the United States public health service. The U. S. public health service, in collaboration with the three national nursing agencies, is sponsoring a national nursing inventory to find out where all the registered nurses are and what they are willing and able to do in the event of a national emergency.

"More than 15,000 nurses have already replied to the questionnaire," states Mrs. Miller, "and every mail brings in many more. It is heartening to find so many nurses willing and anxious to serve their country in the way they know best. Nurses who have been inactive in the profession for years, because of marriage or retirement, are expressing their desire to give either full or part-time service in their communities or wherever the need may be greatest."

Every registered nurse living in Pennsylvania, whether she is nursing now or not, regardless of which state she may be registered in, is to be included in the survey. Any such nurse who did not receive the questionnaire by February 15 will be sent one if she will drop a card to Mrs. Miller at 400 North Third street, Harrisburg, Pa.

The national nursing inventory is being carried on in every state in the Union and it is anticipated that the survey would be completed by March first. Answering the questionnaire promptly is of prime importance in attaining this objective, and Mrs. Miller suggests that replying within 24 hours would be most helpful.

She stressed that answering the questionnaire will not imply compulsory military service, nor will it interfere with any nurse's present position.

True Bills Are Returned By Jury

Work Of Hearing Presentments Is Completed By Grand Jury Monday

COUNTY PROPERTY BEING INSPECTED

Grand jurors summoned for the March term completed their work today in record time, having ended the consideration of the criminal cases presented to them on Monday afternoon, when eleven true bills were returned. They will end their work at noon today with an inspection of the court house and county property.

Among the matters presented for their consideration and recommendation is the purchase of the old Early property, in Kuriz place, for a county detention home for juveniles. Their return will be made this afternoon.

True bills returned by the jury Monday were as follows:

Tony Masinardo, of Hillsville, larceny by employee and fraudulent conversion.

Claude Branscome, fornication and bastardy.

Elmer Maines, of Ellwood City, adultery.

Pauline Kross, assault and battery.

Harry C. Brush, failure to stop and failure to disclose identity.

Mary Naddoo, Ellwood City, selling liquor without a license.

Anthony Fuzari, aggravated assault and battery.

Louis Garreffa, Carbon, selling liquor without a license.

Joseph Williams, R. F. D. No. 2, neglect to support a child out of wedlock.

Eugene Statti, Ellwood City, and Joe Di Leonardo, Ellwood City, robbery and larceny from person.

John Janus, malicious mischief.

The work of the jury was considerably lightened due to the fact that a large number of those who were charged with crimes of various types, have pleaded guilty to the charge and already been sentenced or are awaiting sentence.

Criminal court will start its sessions next Monday, and indications point to the cases being cleared up quickly.

The only United States president of entirely Irish ancestry was Andrew Jackson, whose father and mother emigrated from Carrickfergus county, Antrim, north of Ireland, in 1767.

Duquesne Alumni Of County Organizes

County Commissioner Joseph F. Travers, Named Temporary President

At a luncheon meeting held in The Elks Club, Monday, a Lawrence county branch of the Duquesne University Alumni was formed, with County Commissioner Joseph F. Travers being named temporary president; Rev. Fr. V. V. Stanceleski, vice president; and S. T. Augustyn, secretary and treasurer.

Right Rev. Raymond V. Kirk, president of the university, and John D. Houlahan, secretary of the Duquesne Alumni Association were present at the luncheon and spoke to the graduates in attendance. The next meeting will take place in the parish home of St. Mary's church, Thursday evening, March 13, when it is hoped to have most of the graduates of the university in the county present. President Travers states that anyone who ever attended the university will be eligible for membership in the county association, and that later on it is hoped to be able to award a scholarship from the county.

K. Of C. Group Enjoys Supper

Membership Drive Of Knights Of Columbus Is Opened With Supper Event, Monday

Approximately 75 persons attended the oyster supper held by the Knights of Columbus organization, Monday evening, in the K. of C. Home, North Jefferson street, the event opening the membership drive of the group.

At 6 o'clock, a delicious supper was served by Mrs. Rose Tighe, Catherine Nugent, Mrs. Francis J. Augustine and Rita Reig. The tables were nicely appointed for the occasion.

Sergeant Owen E. Tighe, lecturer was in charge of arrangements and William Howley, Sr., chairman was the toastmaster. Following the serving of the meal, the following guest speakers were introduced: James Carlin, field agent of the supreme council of Erie; District Deputy Garvey, of the Oil City council; Rev. Fr. Leo S. Watterson, of St. Mary's church who spoke on "Loyalty," and Sergeant Owen E. Tighe. Grand Knight, Francis J. Augustine, presided at the session.

Assisting Sergeant Tighe were: Reception, James Agran, chairman; Luke Eagan, Richard Hammon and John Carlin; supper, Grand Knight Francis J. Augustine, chairman; and chief cook, James Steiner.

March 12, is the date for the next meeting.

Create 36-Man Board To Govern GNCA Affairs

Replacement of its 12-member board of directors and 36-member advisory council with an all-powerful 36-member board of directors representing 17—instead of six—membership classifications, will be formally disclosed tomorrow by the Greater New Castle Association.

The change, authorized by the present board through revision in the by-laws, will first become effective in the association's annual election later this month.

Under the new plan, a number of revisions are made. President Norman E. Clark's special letter, to be mailed tomorrow, will fully outline changes.

A major change is in the abolishment of primary elections. Each March the annual elections will take place, with officers taking posts during the first week in April. Two general membership meetings must be held annually.

President Clark's letter asserts that the original plan of having a large advisory council, with no powers other than to advise a board of 12 which had all authority, "has not worked out well," and declares that "a sober analysis of the situation" reveals sound reasons for the action.

INSPECTION OF STREETS ORDERED

Council To Get Data Regarding Streets, Rail Removal, And Repair Costs

General Manager W. H. Muldoon, New Castle Street Electric railway and council conferred informally in city hall today relative to the proposed substitution of motor buses for street cars here.

The outcome of the session was as follows:

City Engineer Glenn Throop will make an inspection of city maintained streets where there are car lines, ascertain street conditions, then prepare plans and specifications for their proposed repair.

Following this report, council and street car company officials will inspect such streets to see conditions for themselves then arrive at the possible cost of the proposed repairs.

If both agree it is likely, it was indicated that the council may then again deal with the company on its proposal to remove rails and repair the city maintained streets with comparable material.

Today, Solicitor White suggested that the company also give the city \$10,000, which could be used as the company's share of a city-WPA resurfacing project on city maintained streets where car lines now operate.

Should an agreement be worked out, it is possible it was indicated, the city might then allow the company a release from its obligations on city maintained streets only, subject to the approval of the PUC.

It may come to pass, it was indicated that the state maintained streets where car lines exist may not be touched, because Solicitor White believes once a franchise is released, the responsibility rests with the state, and not the city.

The state highway department holds an opposite opinion, it is said. Muldoon reported no progress was made recently at Harrisburg with the state highway department.

He offered to let the state remove rails and ties and in addition pay the state highway department \$7,500, in addition to state.

The state highway department, it was reported, asserted the company could make any deal desirable to both city and company regarding city maintained streets, but the state would look to the city to see that the state maintained thoroughfares were repaired to the state's satisfaction.

Young Divorcee Dies Suddenly In Sewickly Apartment

(International News Service)

PITTSBURGH, March 4.—A 22-year-old divorcee who succumbed suddenly at the climax of a party in the Sewickly apartment of a young advertising salesman, died of a brain hemorrhage, the coroner's office announced today following an autopsy.

With the announcement, authorities released Samuel Rolston, 27, the salesman, whom they had held pending determination of the cause of the death of Dorothy Summer, an acquaintance of 15 years. Police said Miss Summer was divorced last July.

Tolston told Deputy Coroner Bernard Gratton he called at Dorothy's home last night after returning from Philadelphia and that they went to his apartment about 8 o'clock.

"We sat and talked a while in the living room," Rolston was quoted as saying, "then I started making love to her."

Later in the evening Dorothy got sick, Rolston allegedly told authorities, and about 10:45 he called a doctor who pronounced her dead.

Open Hearing On Communist Ban

(International News Service)

HARRISBURG, March 4.—An open hearing on proposed legislation to ban subversive parties from the ballot in Pennsylvania will be held today at 2 p. m. by a 21-member senate committee.

The only political party that is requested to appear before the committee is the Communist party, said Committee Chairman Sen. John M. Walker, Allegheny Republican.

Walker revealed he had received scores of letters and telegrams from persons and organizations protesting "senate bill 172"—not specifically pointed at the Communists but admittedly aimed at "red" organizations. All of the communications came from Philadelphia.

French Indo-China Crisis May Again Break Wide Open

(International News Service)

TOKYO, March 4.—The long smoldering controversy between French Indo-China and Thailand threatened to flare into a new crisis today with failure of the Vichy government to accept Japan's latest mediation offer for its settlement.

The French ambassador, Charles Arsene-Henry, held a 40-minute conference with Japanese Foreign Minister Yosuke Matsuoka and other Japanese officials but there was no agreement.

It was expected another meeting will be held tomorrow for the final French decision. Some such decision must be made by tomorrow at the latest, it was pointed out, in order to provide sufficient time to transmit orders to military headquarters in French Indo-China and Thailand in advance of the expiration of the extended armistice Friday.

County Tells GNCA It Will Co-operate In Food Stamp Plan

Commissioners Will Go Limit Under Law, Andrews Reports

Lawrence county commissioners today have promised the Greater New Castle Association "all the co-operation possible" in its effort to provide the Federal food stamp program for New Castle and Lawrence county relief clients, Executive Vice President Arthur H. Andrews of the GNCA said today.

Before leaving for Washington for more conferences with government men, Andrews reported:

"The commissioners are in favor of the plan, and have notified us that they will co-operate as much as they can under the present laws. Current legislation at Harrisburg may remove obstacles to their helping us further."

Andrews will tell GNCA members, in a special summary on national defense activity to be mailed out Wednesday, that the food stamp plan adoption "would provide 50 per cent more food for the food money now spent by relief clients, and, after a few months, would mean the expenditure with local merchants of \$25,000 more a month than they are now receiving. He believes it would also increase the consumption of certain county-raised farm products."

Assurances of support in the drive have been received from labor's Non-Partisan League of Lawrence County, the Retail Grocers and Food Dealers of Lawrence County, the Committee for Unemployed Organization and the Lawrence County Industrial Union Council.

NEW HOME CONTRACT LET

An imposing Norman-style residence will be erected at the southwest corner of Glenmore boulevard and Delaware avenue for Dr. John P. Prioletti, surgeon, it was learned today. A contract has been awarded to Zehner Bros., and construction will commence "when the weather breaks."

Although granite, like marble, is noted for its hardness and durability, granite buildings have been known to crumble and fall in devastating fire that have only scorched marble structures.

Improvement is shown in the condition of O. J. Lersch, First avenue, who suffered a slight stroke on Friday while working at the Aetna Standard Engineering company.

The condition of Miss Marguerite Harper, daughter of Mrs. Maude Harper, Sixth street, who underwent a major operation on Saturday at the Beaver Valley General hospital, New Brighton, is fair.

ELLWOOD PERSONALS

The scarlet fever quarantine was removed from the Thomas Newell home at Wiley Hill on Monday. Howard Newell, who had the disease, is improving.

Local friends and relatives of Mrs. Alice Kocher, who had the misfortune to fall and fracture her hip and arm seven weeks ago, will be glad to know that her condition is improving and that she was expected to be removed to her home on the New Castle-New Wilmington road today. She has been confined to the Jameson hospital, New Castle.

Mrs. Joseph LaMark and son Jay of Coraopolis were week-end guests at the home of her parents, Mr. and Mrs. J. C. McDevitt, Wayne avenue.

Miss Vivian DiPischia of the Zelenople road is visiting with friends in Pittsburgh.

Mrs. Robert Newton, who has been quite ill at her home at Castlewood, suffering from rheumatic fever, is much improved.

E. J. Wollman, Pershing street, Ewing Park, who has been confined to the Aspinwall Veterans hospital for many weeks, was to be brought home today.

Improvement is shown in the condition of O. J. Lersch, First avenue, who suffered a slight stroke on Friday while working at the Aetna Standard Engineering company.

The condition of Miss Marguerite Harper, daughter of Mrs. Maude Harper, Sixth street, who underwent a major operation on Saturday at the Beaver Valley General hospital, New Brighton, is fair.

Scout Leaders Hear National Staff Member

Miss Mary B. Stevenson Addresses Group In First Christian Church Monday Evening

Girl scout leaders and troop committee members of New Castle Girl Scout troops met with Miss Mary B. Stevenson, a member of the national staff of the Girl scout organization, Monday evening in the First Christian church.

Miss Stevenson explained to the leaders why girls joined girl scout troops. Some joined to have fun or because the group is doing something in which a girl is vitally interested, or because the other girls in her class belong.

Miss Stevenson went on to say that a troop is composed of a group who have things in common, such as age, family background, interest or neighborhood. To meet these needs, the girl scout program is divided into three age levels: the Brownie, Intermediate and Senior program. The troop committee is the first place for the scouts to turn for help. In selecting this group the leader should look for people who have special interests or hobbies which will supplement hers. For example, the troops may need uniforms and here the troop committee should help the leader with the cookie sale or some other project to raise the necessary funds. An out-of-door consultant should also be on this committee or a nature or crafts advisor.

In selecting the project for the troop to work on, all the girls should have a voice in the selection. If more than one project is to be carried on there has to be an adult for each one of these groups.

Miss Stevenson also stated that it is often hard for a leader to find what her girls are interested in but by hearing their conversations, knowing their outside interests or by using questionnaires, they can do so.

The leader may have to start with one of her own interests and introduce it to the girls. This method soon starts the girl on their way to progress.

The session closed with Miss Stevenson answering questions asked by the leaders.

Y.W.C.A. Aiding Women Workers In Great Britain

Association Maintaining Over
100 Centers; Provide Cen-
ters For Nurses

In Great Britain, following out the request of the Ministry of Labor that the Y. W. C. A. organize recreational service for all the women in uniform, the association is keeping over 100 centers open and doing its share in generous fashion to keep up the courage of these auxiliary services so vital in the war program and to help the members maintain an attitude of good cheer.

A letter to the Y. W. C. A. of the United States, from Miss Margaret Gledstone of London on January 15, states that Miss Begg, war service organizer, flew to Cairo, at short notice, to see what could be done for the nurses who are with the British army in Egypt and Africa.

"So far as plans go at present," she writes, "the chief needs for the nurses seem to be the provision of new centers for rest and recreation and of temporary sleeping accommodations for those arriving in Egypt and traveling to various places. The first new club to be opened is on the Suez canal and is already tremendously appreciated. Three huts are to be established as soon as possible at three desert camps."

A plan is also under consideration for the expansion of an already existing holiday camp belonging to the Cairo Y. W. C. A. This is in the desert near the pyramids. It is felt that it will serve as a guest house for nurses on leave. It is estimated that 10,000 pounds will be needed to "start, equip and staff the new Middle East centers and maintain them for the first year". Americans will be interested to know that the fund raising project for this development is headed by Viscountess Halifax, wife of the new British ambassador.

Excavations Bring Treasury \$426.25

City of New Castle received more money through street excavations than from building permits in 1940, according to S. L. Lockley, city controller. Four hundred and twenty-six dollars and twenty-five cents was paid by persons who received permits to excavate while \$98.00, was the tax for building permits.

Other sums received by the city's street department were: Curb gasoline pump licenses, two, \$50.00, or \$25.00, each. Electric sign permits, 16, or \$32.00. Filling excavations, \$3,178.92. Sale of blueprints made by city engineers and draftsmen, \$86.53. Maps sold, \$39.00.

Sewer connection privileges, \$65.70. Permit to place oil on street, \$2.00. Driveway permits, \$11.25 and paid to the city for roller hire, \$3.00.

Christmas stamps or other adhesive stamps or labels in aid of charitable objects must be affixed to the back of all mail articles, not to the address side, according to a postoffice ruling.

Pennsylvania Ave. Will Be Improved

There was reported with favor from council committee in city hall Monday a bill which provides for the paving of Pennsylvania avenue between Lyndal street and the city line. The State Highway Department will pave the street because it is a state maintained thoroughfare, the bill asserted. Pending printing adoption will be held in abeyance.

Cardinals Are All Season Birds

Owen Fox has received a number of calls from persons that have recently seen cardinals.

Possibly some folks believe that this bird migrates for the winter, but such is not the case. The cardinal is an all season bird.

At this time of the year are more noticeable, because the "coat" of the male is taking on a fiery red color in preparation for the mating season, when he wants to look his best.

During the warm days of summer, the cardinal's dress is not so conspicuous, having changed to a darker hue. To acquaint bird lovers with the fact that cardinals are found in this locality, during the severest months of winter, Wilbur Haybarger, of 1501 Gib-on street, reports that recently he found about forty cardinals perched within a brush pile of white oak, which still retained its brownish withered leaves. These birds, with their bright red plumage, moving about, seemed to give the appearance of flames within the brush. A hint to those who feed the wild birds, is given by Mr. Fox. It would be a good idea, if back yards had a little brush pile in winter, and feed thrown into it, and birdlife would patronize it, as the brush pile would afford the birds protection, while feeding.

Golf, Cascade Park Bring City \$9,652

Receipts In Cascade Park
Exceed Sylvan Heights
Course Total

Twenty-one thousand, one hundred and fifty-one persons rode "lions", "tigers", "horses" and in "chariots" during the year 1940 at Cascade Park, and further, 14,599 steered those "dodge 'em", bumping each, of course, while 18,401 enjoyed a dip in the Cascade Park pool. Two thousand two hundred and twenty six cars were parked during the outing season, all of which brought the city \$4,578.76. The swimming pool receipts was high, \$2,146.67.

The city received from the concessions:
Dance hall, \$700; peanut stand, \$100; boats, \$100; restaurant, \$250, and skee ball, \$10.00, which raised the receipts to \$5,733.76.

The receipts at the Sylvan Heights golf course did not total that much, in fact, quite less, the total having been \$3,913.80.

There were 5,276 who teed off and the number of memberships held last year the course totalled 104.

Top Safety Honors Won By P. R. R. Men

System Recognizes 1940
Records Of Trainmen,
M. Of W. Groups

For showing outstanding 1940 safety records in their respective classifications, the Erie & Ashtabula division's Freight and Yard Train Service department and its Maintenance of Way department today had won framed certificates denoting their accomplishments among competing Pennsylvania railroad employees.

Superintendent J. E. Vandling gave Trainmaster L. G. Jamison the train service certificate and Division Engineer C. E. Brinser the maintenance of way certificate. Both carried President M. W. Clement's signature. Trainmaster Jamison's men won first honors for Group B competition while Brinser's department took first in Group C. The group classifications are based on the total of man hours worked.

The system safety emblems were the first to be won by the local division in several years.

Pennsy Operating Revenues Higher

(International News Service)
PHILADELPHIA, March 4.—Operating revenues of the Pennsylvania railroad increased 10.8 per cent, or \$46,662,630, in 1940 because of improved business attributable to war conditions, the company reported Monday.

The revenues amounted to \$477,593,408, the company said, with net income totalling \$46,238,250. The sum of \$9,341,585 was appropriated to sinking and other reserve funds, leaving a surplus of \$36,896,665. Stockholders received two dividends, one of 50 cents a share on June 26, 1940 and the other of \$1.00 a share on December 18.

ORDERS PLACED FOR GAS MASKS

War Department Announces
Five Firms To Make
Low Cost Masks

(International News Service)
WASHINGTON, March 4.—The War Department announced Monday that it has placed orders with five firms for the manufacture of a limited number of low cost civilian gas masks.

The orders, the War Department said, were made "for the purpose of providing a limited quantity of non-combatant type masks and also by way of developing sources of supply for these masks should they be required in any considerable number."

The number of masks ordered was not revealed but it was learned orders totalling \$47,500 went to the following firms:

The Kemper-Thomas Co., Cincinnati, Ohio, \$12,500; Sprague Specialties Co., North Adams, Mass., \$6,250; Eureka Vacuum Cleaner Co., Detroit, Mich., \$5,250; Pittsburgh Store and Fixture Co., Blairsville, Pa., \$6,250 and B.K.B. Company, Los Angeles, Calif., \$6,250.

"This type of mask was designed

to meet the requirements of a military commander in providing gas masks for non-combatants remaining in areas under military jurisdiction and control," the War Department said.

COAL CARRIERS MUST PAY CITY

City of New Castle issues a license to persons to haul coal here. The 1941 tags now must be displayed on the outside of the truck or C. R. Balph, in charge of the city's weight department, will cause arrests. The city collected via the license sum from carriers in 1940 the sum of \$251.00.

TROUBESOME PAY \$6,431.25 IN 1940

Persons who became involved with the long arm of the city police last year paid in fines and forfeits \$6,431.25. Not all of those who placed forfeits appeared for a hearing and pursuant to police court policy such bail pieces were confiscated.

New Pipe Organ At Rural Valley

Presbyterian Church To Formally Dedicate New Organ
March 9

Pastor and congregation of the Rural Valley Presbyterian church proceeded this week with elaborate preparations for a special March 9 worship at 11:00 o'clock in dedication of a new Moller pipe organ. The special order of service will include a number of organ solos by Mrs. Richard A. Davis, a graduate of Westminster College and former student of Prof. Gordon Balch Nevin, and a sermon by the pastor, Rev. Richard A. Davis, on "The Ministry of Music."

On the following evening, March 10, the public will be welcomed to an organ concert to be presented at 8:00 o'clock by Prof. Earl B. Collins of Pittsburgh. He will be assisted by

Prof. Alan B. Davis of New Wilmington, baritone soloist.

Prof. Collins is professor of church music at the Western Theological Seminary of Pittsburgh, organist and director of music at the Bellefield Presbyterian church of Pittsburgh, and a member of the faculties of the Pittsburgh Musical Institute and the Pennsylvania College for Women. Prof. Davis is professor of voice at Westminster College, and director of music at the First United Presbyterian church of New Castle, Pa.

Installation of the new instrument was being completed this week, and it was used for the first time at the morning worship Sunday, March 2.

Thus will be realized a dream of the congregation. Purchase of a new custom-built pipe organ from the M. P. Moller Co., Hagerstown, Md., was authorized in October of last year by a vote of the congregation.

Persons rating a 21-gun salute from the United States Army are the President, ex-presidents, rulers or heads of foreign governments and members of a reigning royal party.

Tourney Final Plans Tonight

All Managers Must Have Entry Money And Player Lists Ready To Give Committee

TOURNEY STARTING DATE IS MARCH 10

Final plans for the staging of the Fourth Annual City-County basketball tourney will be made tonight at 7:30 o'clock at the meeting of managers and tourney officials at the City Council chamber.

Tourney chairman, Anthony R. Conn will conduct the meeting aided by Sid Lockley, tourney treasurer. All managers must be prepared tonight to hand in their entry money and player lists. Some managers already have made the proper payment and given the committee their player lists.

Will Draw Places
There will be a drawing tonight for places on the tourney schedule. There are 23 teams in Class B and seven in Class A since the St. Mike's have dropped out.

It is possible that a few new teams will make their appearance at the meeting tonight. It is hoped that more Class A teams can be secured. The starting night of the tourney will be Monday, March 10. There will be three games listed for the opening night and every night but the finals. There will be two class B games and one class A the first night.

Interest Growing
Interest throughout the entire county is at fever heat now for the tourney. Fans and players alike everywhere are talking—talking. The Polish Falcons will defend their laurels in Class A, and the Junior Ex-High stars having moved to the Class B division will not defend the Class B crown.

Tickets for the tournament are selling good. They may be bought at the following places: Gersons, Sporting Goods Store, and Gus Slovinsky's. The New Castle Music Council will get the entire proceeds of the tourney and the council members are giving the committee their cooperation.

No teams will be allowed to enter the tourney after tonight and the schedule of games is once drawn up. It was announced. Any team not at the meeting will be considered out of the tourney, unless their entry fee and player lists have been turned in at a previous meeting.

Will Display Trophies
The elaborate display of trophies and medals for the various winners in the coming tournament will be seen by the South Side fans in the window of the Shaffer and Snyder store on Long avenue Wednesday. It was announced today. The display was shown at Ellwood City over the past week-end and drew much favorable comment.

"King Of Sports" For Titans Is Basketball

(Special To The News)

NEW WILMINGTON, March 4—In most colleges, football is the major sport, but at Westminster it's basketball with a capital "B". Westminster's Titan gridders expect to break even on their annual eight-game schedule, but Titan cagers feel it's a rotten season unless they come out with a 16 win and 4 lost average, which is the general average basketball season for the Blue and White during the past 15 seasons.

Many a good football player has come to Westminster, and never worn his cleats. Instead of going out for football and risking a bad knee or a cracked collar-bone, he saves himself for basketball, Westminster's "King of Sports".

Not for ten years have students welcomed home a football team at Westminster; but one o'clock on a

cold winter morning on week-ends quite often finds three or four hundred students waiting out to welcome the Titan cagers home from a basketball victory.

Westminster's rosy days of basketball go back to 1927, when Johnny Lawther, a former Titan football star, returned to his Alma Mater to coach football and basketball. Lawther made two vital decisions: tall, rangy players, and a shifting zone-defense. Around these two basketball principals, he built the foundations of great basketball at Westminster. The tradition has never stopped.

Although Lawther has been gone from Westminster for four years, tall, lanky, well-coordinated cagers still dominate the Titan floor; and the zone-defense still checks the opposition's scoring inroads.

Westminster, above all other sports, takes its basketball seriously.

Wampum Quintet Honored Monday

Wampum's Rotary Is Host; Grover Washabaugh Main Speaker

Wampum Rotary Club paid a deserving tribute to Wampum High's Section 20 championship basketball team, Monday evening in the dining room of the Presbyterian church.

Close to 40 persons assembled for the delightful occasion honoring one of the greatest scholastic quintets in the entire WPIAL.

Harold Marshall, president of the Rotary, introduced L. B. Hennon, coach of Wampum High, who presented his squad.

Grover C. Washabaugh, Westminster College football-basketball coach, delivered the address of the evening. The genial mentor reviewed the virtues of athletics.

He stressed courage, obedience, loyalty, team work and sportsmanship as principal virtues of athletics. He congratulated the team and wished Wampum High future success in the world of sports.

Harold Burns, of New Wilmington, then presented the school with the Section 20 championship cup. The cup remains in the possession of the school until a new champion is crowned.

Harold Marshall, Dave McDonald and Dr. Dickson were in charge of arrangements.

Titan Cagers Face Rockets

District Spotlight Will Be Focused At Slippery Rock Tonight

District basketball interest shifts to Slippery Rock tonight when Westminster College's title-bound passers match with Slippery Rock's game Rockets.

The game will start at about 8:15 o'clock.

The lowering Titans, winners of 18 out of 19 battles, strive for their second triumph of the season over the Rockets. Earlier in the season, the Washabaugh-coached combination handed the green and white clad five a 49-28 setback at New Wilmington.

Tonight's task, however, will be a bit more difficult for the Titans since the game will be played at Slippery Rock. The Rockets have proved a tough nut to crack at home all season.

With only two more clashes left on the card, Westminster must remain on the winning rail or else see its chances for an invitation to the Metro cage tourney fade.

GLOBETROTTERS WIN

The Globetrotters defeated the Tifereth Israel team 39 to 37 in a House loop game at the "Y" on Monday night. Scoring stars in the battle were Johnston, Binder, Francis, Pickel and Solomon. The Tifereth Israel team led at half-time 17 to 10.

CHICAGO CORALS

Hard-hitting Lou Novikoff has finally broken down and is a member in good standing.

The sensational 1940 Pacific coast slugger has autographed a Chicago Cub contract calling for \$5,000 with provision for increases should he make good.

MARVIN OWEN IS RELEASED

Marvin Owen, third sacker for the Boston Red Sox during the 1940 stretch, was released recently but lost little time making connections with another club.

Owen has been signed by Portland of the Pacific Coast league.

PEARSON LOOP

Four thrilling games were played in the Pearson Street Basketball league Monday night.

Michigan defeated Purdue, 24-16; Wisconsin upset Minnesota, 26-19 in an extra period clash; Ohio State trounced Illinois 45-17 and Northwestern sidetracked Iowa, 66-21.

Sallie, Beynon, A. Russo, D. Summers, S. Naples, Campbell, Fannin, Palone and N. Russo were high scorers. Tex Richards officiated.

Rens Show Here Wednesday Night

World's Champions Face Gersons In Gigantic Basketball Roundup

What looms as the most outstanding basketball round-up in several seasons is billed for The Arena Wednesday evening.

In the main attraction, America's greatest cage combination, the world's champion New York Renaissance, display their wizardry against the Gersons.

Composed of crack colored flippers, the Rens are piling up the most impressive record they have ever strung together. The Rens' stocks zoomed skyward Saturday night following a 49-45 victory over the Detroit Eagles. Wilmet Sidat-Singh, the 1939 all-American gridder from Syracuse, paced the champs with seven scintillating two-pointers.

The sepien giants will present their strongest line-up against the Gersons. Will Smith, 6 feet 6 giant and recognized as one of the greatest pro players in the business, will be on hand. So will Sidat-Singh, "Bruiser" Saich, Bell and King, the last two being new additions to the crack outfit.

As usual, the Rens have promised to inject a bit of basketball comedy. In this capacity the champs stage shows that produce countless laughs.

In the opening game of the evening, which starts promptly at 7:30 o'clock, the Factor Girls meet the talented Akron Goodrich lassies.

Completing the round-up, the New Castle Ex-High Stars hope to smear the march of the Paninins. Because of the keen rivalry, the tiff figures to be a humdinger.

The Rens-Gerson battle will get under way at 8:30 o'clock.

Gersons Sign Up Four New Players

The Gerson basketball team is going to make a determined bid for the Class A division championship in the coming City-County tourney. It was revealed today by Walter Perch, manager of the team.

The Gersons have signed up four outstanding stars for the game here Wednesday night with the Colored Renaissance team and also for the tourney—Johnny Carik of the St. Michaels team, Alec Robuck, Gottuso and Tomel of the Ellwood Shelby Socials, and will also have in their lineup Johnny Cabas, late of Mt. Union college. John "Rags" Gennock will be out for the rest of the season with a knee injury.

Others on the Gerson tourney roster will be Sammy Bullano, Petey Zingaro, Alec Parou, and Nickie Gennock.

JACKETS WIN

Waynesburg's Jackets scored a 58-51 cage victory over Fairmont, on Monday night.

Jom Crowley, Fordham coach, will coach the Eastern college All-Stars for their sixth annual fresh air fund football game with the New York Giants in New York, September 3 or 4. Tuss McLaughry coached the All-Stars last year.

Joe DiMaggio Still Holdout

(International News Service)
SAN FRANCISCO, March 4—Joe DiMaggio, the New York Yankees' last holdout, today maintained his tight lippled role toward contract difficulties, but older brother Tom, spokesman for the baseball clan, served as a pinch hitter for the American League batting champion.

"We haven't talked much about the contract," he confided to reporters, "but I think he returned a couple of them. Joe is under orders to keep mum. Why doesn't Ed Barrow (president of the Yankees) give out the dope?"

Greeks Win In Overtime Battle

Defeat St. Marys Team 43 To 39 In Sizzling Hot Church League Game

The St. George Greek church basketball team "darkhorses" in the coming City-County floor tourney last night served notice on the Class B teams in the tourney, by defeating a fast St. Marys church team 43 to 39 in an overtime game at the "Y" court.

The regulation game ended 35-35. The Greeks led the first half 22 to 14 only to see their lead melt in the second half. The standout stars for the Greeks were—Nicky Lucas and "Manny" Othites, having 26 of the points between them. Poleno also played a fine game for the winners, with Kelly, Carey and Gilbo best for the losers.

In the second game the Epworth team defeated Croton 25 to 23, and in the third game the Central Christians posed the First Methodist team 27 to 26 in a torrid engagement.

College Teams Battle In Final Week Before Selections For Tourney

With an invitation to the Metropolitan tourney their aim, at least two dozen collegiate teams throughout the nation streak down court this week playing like they never have before.

By late Saturday night, the committee in charge of the gigantic bounce bowl will start assorting the teams prior to sending out official invitations.

Westminster's superb quintet, sporting a glittering record of 18 victories out of 19 battles, is among the teams in line for a bid. By discrediting Slippery Rock, tonight, and off beaten Carnegie Tech, Saturday night at New Wilmington, the Titans can complete a 20 out of 21 record that will give the committee something to think about.

Along the Gay White Way, Westminster is being given full consideration. Around Manhattan, the Titans seem to be a slight favorite. This can be traced to Westminster's past performers in Madison Square Garden.

Duquesne, the other district claimant to an invitation, still has a "tough hombre to move down, West Virginia. With Hamilton back in the lineup, the Mountain boys may have a good chance of spilling the Titans, thus opening the gate for the Titans. The game, Saturday evening, will be played at Morgan-town.

The selecting committee will meet Thursday afternoon and complete preliminary plans. Invitations will probably be sent out early Monday morning, since most of the eligible teams will have completed their season.

Middleweights Plenty Flashy

More Good Middleweights Today Than In Any Other Class

(International News Service)
NEW YORK, March 4—There may be a difference of opinion, but from the promoter's point of view the classic fight in the fighting flock today is the middleweight division.

Mike Jacobs, the impresario for the Madison Square Garden matches went on record with that assertion, pointing out that there are more better fighters in the 160-pound class than any other.

Uncle Mike reeled off a list that was half a dozen long.

Good Fighters
He included, of course, Billy Soose, Parrell, Pat and Ernie Vigh, Newburgh, N. Y., who tangle in 12 rounds at Madison Square Garden Friday night. Jacobs has promised the winner of this duel a match for the New York commission title held by Ken Overlin, Washington.

He continued, however, naming Tony Zale, the Gary, Ind. scrapper who is the N.B.A. recognized champion; George Abrams, Colney Welch, Al Hostak, Tony Mauriello, Steve Mamakos and Steve Belloise.

"All of them," he said, "are top flight fighters and all within reach of the championship." He said Antonio Fernandez and Jose Basora are right on their heels.

"You can't find things this nip-and-tuck in any other division," Mike continued, pointing out that the situation is really so hilariously in the middleweight ranks that six of the last 15 main events at the Garden have been fights in the 160-pound class.

Score by quarters:
N. Wilmington 11 8 4 13—36
Greenville 10 6 7 11—34

Cost Small For Dog-Catcher Here

Judging from the report of the city controller, S. L. Lockley, the citizens have been getting a dog-catching service almost for nothing.

Here's the way to judge this: Jack Young, colored, is paid by the city \$70.00 monthly.

He cuts the ears from the dogs he dispatches to dog heaven then sends their ears to a state department.

Upon receipt of this proof so much per set of ears is returned to the city of New Castle.

The state department paid the city \$582.00, which shows the city actually paid him only \$258.00.

Council Holds Up Move For Paving Of N. Jefferson St.

Council decided in city council meeting at city hall Monday not to proceed farther with a proposed ordinance calling for the paving of North Jefferson street between Wilmington and Leasure avenues until Solicitor Robert White has had an opportunity to make a ruling on the measure which now is in committee.

The proposed measure is known as a "force ordinance". According to former Solicitor William Cobau the city cannot legally put through a "force ordinance" if paving is to be done by the WPA. In view of this it was suggested that the present solicitor give an opinion, also.

Request had been made to pave the street to the city line. However, because the north end of the street had not been graded and there is a hill that would have to be cut down, council decided not to pave north of Leasure avenue.

SMALL MONEY FOR SMASHING NERVES

Sound wagons operated here last year and year before. They made a lot of racket and the city received only \$60 while the people either had to stuff their ears with cotton, or take nerve medicine.

Mission Nearing It's Anniversary

Observance Opens March 9;
Superintendent Starts
Fifth Year

Superintendent and Mrs. Archie Gibson will begin their fifth year of service at City Rescue Mission during the mission's anniversary observance March 9 to 16. It will be, for them, the start of their 25th year as mission workers.

Never since their coming has the mission failed to maintain its time-anchored slogan, to be "everlastingly at it every day." Day in and day out—and nights, too—the doors have been open to wanderers and needy to those sick in body and of soul.

Rev. C. A. Blackmore, superintendent of the Erie City Rescue Mission and one-time assistant to the late Mel Trotter of evangelistic fame, and Dr. John Zoller, eminent Detroit evangelist, will be speakers during the week.

Dr. Zoller's messages will be heard in the Second U. P. church auditorium at 7:30 p. m. March 13 and 14. Mr. Blackmore will open the anniversary Sunday.

EMERGENCY CROP LOANS AVAILABLE

Emergency crop and feed loans for 1941 are now available to farmers in Lawrence county, and applications will be received by Field Supervisor I. J. Nelson on Thursday, March 6, in the county agent's office in the post office building, starting at 10 a. m., and at the Ellwood City post office on the same day at 1:30 p. m.

The amount loaned to any one individual at any one time is limited to \$400. It is stated, at 4 per cent interest. There are no inspection or service fees.

Why Take Chances

Cuts, sores, bruises, pimples are painful—and become dangerous if infected. San-Cura Ointment is Antiseptic—helps prevent infection, relieves pain and is an aid to rapid healing. 35c and 60c all druggists.

The Human Side Of The News

(By EDWIN C. HILL)
Copyright 1940 King Features Syndicate, Inc.

The Gentleman from Indiana has recently written a letter to his Senator in Congress. My beloved fellow Hoosier suggested that the United States is becoming a little less concerned than it should be about the ability of the British to hold out. Last spring, Mr. Booth Tarkington recalled, quite suddenly all over the United States there swept a universal and virtually unanimous demand for armament on a scale that had never before been contemplated, except in actual warfare.

"The United States," wrote Mr. Tarkington, "was frightened clear through because everybody knew that the country was in danger. In danger of what? In danger of losing the British Navy, and there's no getting away from it. The country suddenly woke up to the strange fact that it was an unarmed country relying on the British Navy for protection, even possibly for existence."

"Now in the months since then, the British Navy, which with the Royal Air Force, defends the British Empire, has demonstrated that it is still alive and pretty capable. Gradually, on that account, we're less scared; we have become more confident and a great many people, lulled by a lull in the storm, so to speak, have largely recovered from the jitters."

"Instead of screaming, 'give me a gun,' they're now saying, 'I think I'd better spend a lot of money having a gun made; but really I don't depend on anybody; I'm strong. I'm independent. My life and business don't hang on the courage, power and equipment of anybody else. I don't see why we want to risk anything by helping Britain much.'"

"That's all, Senator. I'm merely suggesting that we haven't yet got a very good gun ourselves. The scare can come again, and with it will come the truth that was evident last spring—that our protection (and perhaps our existence as a free people) does depend on the British wall against the barbarian."

It has been very truly said of Mr. Tarkington that his outstanding qualities of personality—aside from his writing genius, of course—are his humor, his love of beauty and his kindly outlook on life. He likes to think back on the tranquil era of the horse and buggy days before

the mechanistic age came in and the craze for efficiency had developed; the days when it took courage of a high order to wear a one-piece bathing suit.

Mr. Tarkington is not enamored of present-day modes and manners. He doesn't think he is missing much in passing up modern fiction. "I have never believed that filth made for strength," the gentleman from Indiana said once. "Realism is talking about ugly things, in an ugly way. I venture to say that the boy who read Henty and Alger and a little later Dickens and Scott, who went to see 'Uncle Tom's Cabin' and climbed under the tent to get a view of the elephants, who rode a high-wheeled bicycle or a safety, who took his bath on Saturday night in a wooden tub or a copper one, and who swam in a near-by river creek was happier than the sophisticated youths of today."

"The same thing is true of their fathers who went to business either on foot or in their carriages, who warmed themselves before an open fire or a parlor stove, who wrote their business letters in Spencerian script and made copies with a hand press, and who laughed at the crack-brains who spoke of horseless carriages."

As for the women, they have gained their independence. Girls may become scientists or enter a chorus without evoking shrieks of disapproval from their families. They no longer have to tug caparones along with them. Are they happier than their mothers and grandmothers?"

Speaker Announced For Thursday Event

Rev. Stewart Harro To Speak;
Will Present Book To Dr.
And Mrs. Kirkbride

Rev. Stewart Harro, pastor of West Middlesex Presbyterian church will be the principal speaker on Thursday evening at the informal gathering to be held in Neshannock Presbyterian church, New Wilmington. It is at this gathering that Dr. and Mrs. Sherman A. Kirkbride of New Wilmington will be presented with the book compiled by friends in remembrance of their golden wedding anniversary.

An interesting program is being arranged, to start at 8 o'clock. The junior choir of Neshannock church will present several selections. Miss Ruth Sewall is organist. Frank Yarian, superintendent of the Sunday school, will present the book, with Dr. Kirkbride responding. The program will be concluded in the church basement where refreshments will be served by the Temple Builders, an organization of the church.

Among guests invited are the following couples, all married over 50 years, who were in attendance at the golden wedding reception in December, 1939, also: Mr. and Mrs. J. Elliott Ramsey, married over 70 years, Mr. and Mrs. Henry Nelson, Mr. and Mrs. John Allen, Mr. and Mrs. Charles W. Neal and Mr. and Mrs. Samuel M. Buchanan.

Pages of the book are enclosed in beautiful walnut backs, the front of the book having an engraved plate, a gift of Jack Gerson, inscribed to Dr. and Mrs. Kirkbride. Included in the book's features are a foreword, title page, dedication, lists of guests who attended the home reception and public reception greetings received on the anniversary, poems dedicated to the couple including one by Mrs. Mame Magill of New Castle and one by F. J. Sewall of New Wilmington, signatures of couples married over 50 years who attended the reception, press notices and a section for favorite poems.

The committee in charge of Thursday evening's gathering includes James A. Pitzer, chairman, J. C. Ramsey, J. J. Francis, D. M. Means, Mrs. Esther Frankenburg, Mrs. W. C. Henderson, Miss Emma Dodds, C. W. Beerbower and members of the Temple Builders.

Eight Buildings Now Under Roof

Work Experience Center Structures Steadily Rising At East Side Site

On Monday, eight buildings, namely, six barracks, staff dormitory and recreation building, were under roof, and have been covered with heavy roofing paper, at the Boys' Experience Work Center at Cunningham park.

Boys were digging the trenches for the concrete foundation for the second trusscon type steel building, and the concrete will be poured today.

Holes have been dug, and concrete poured into them, ready for the foundation posts beneath the administration building, the infirmary and the staff cottage.

The sills for the large mess hall and kitchen have been placed, ready for laying of the floor panels.

Joe Craig, labor foreman, states that all the lumber, stored at the old nail mill, has been brought to the site of the project.

John Shuler, the engineer, states that 3300 concrete blocks made by N. Y. A. boys are being shipped today from the Lewistown N. Y. A. shop, by rail, to this city, for use in the foundation of the trusscon type steel work shops.

An ingenious portable drinking fountain is being used to furnish the workmen on the project with good drinking water. This contrivance is strictly sanitary, and is comprised of a steel tank and pressure pump, which latter forces the water thru a nozzle, on pressure of a trigger. This fountain, strapped on the back of one of the youths, is carried to various locations where groups are working.

There were 80 boys, 18 carpenters, three labor foremen and one painter foreman at work Monday.
